A Biblical Approach To Racism:

A Biblical Approach to Racism Michael Cromwell, 2000-01-31 This is a book of hope hope for the future and hope for the present I have seen a cancer in American society grow over the years and I felt the need to address it in the most powerful manner possible through God Race relations and racism in my opinion are in a state of regression in the United States I see and hear things as an American black these days that I never thought I would see and hear in my lifetime I sense an uneasy calm between the races that does not need to be there held in place only by the vague concept of political correctness But the heart is still active and no one knows how it will act next In addressing racism in this brief work I redefine it explain why it is here and offer solutions for its eradication I require a trust from the reader and a partnership Self less trust is one of the most fundamentally lacking elements in American society today and this is what I request from the reader The inclination to discriminate because of race comes from a number of sources I have identified pride ignorance fear jealousy and hatred as some of the key motivations I have sought to quell these negative emotions through the Bible and in solving these emotions solve the actions they lead to including racism Next I seek to explain through the Bible how racism came into being and why it continues to be then I discuss the victim and racism what the victim experiences next I seek to show still through Bible scripture how we can curb our worst natures through the Bible lastly I show how solving racism can lead to solutions to other problems both here in America and in the world To make this all happen I must have the readers trust and courage Solving racism is an easy task It takes only a shedding of self Selfishness is the biggest obstacle to cooperation and unity [A Christian Approach to Political Decision-Making](#) Rick Herrick, 2023-11-21 A Christian Approach to Political Decision Making Introducing Whisper Ethics presents a new way of thinking about religion and politics Rather than relying on biblical passage picking it puts God in charge In doing so it provides Christians with a clear path for working with God to make the world a better place **A Biblical Perspective on the First African-American President** Reginald Hobbs, 2009-04 The purpose of this book is to help Christians of all races to have a biblical understanding of the election of Barak Obama and how as Christians can we effectively minister to our society during his presidency *The Oxford Handbook of Feminist Approaches to the Hebrew Bible* Susanne Scholz, 2020-10-01 The Oxford Handbook of Feminist Approaches to the Hebrew Bible brings together 37 essential essays written by leading international scholars examining crucial points of analysis within the field of feminist Hebrew Bible studies Organized into four major areas globalization neoliberalism media and intersectionality the essays collectively provide vibrant relevant and innovative contributions to the field The topics of analysis focus heavily on gender and queer identity with essays touching on African Korean and European feminist hermeneutics womanist and interreligious readings ecofeminist and animal biblical studies migration biblical studies the role of gender binary voices in evangelical egalitarian approaches and the examination of scripture in light of trans women s voices The volume also includes essays examining the Old Testament as recited in music literature film and video

games The Oxford Handbook of Feminist Approaches to the Hebrew Bible charts a culturally hermeneutically and exegetically cutting edge path for the ongoing development of biblical studies grounded in feminist womanist gender and queer perspectives

The Southern Baptist Convention & Civil Rights, 1954-1995 David Roach, 2021-12-17 According to conventional wisdom theological liberals led the Southern Baptist Convention to reject segregation and racism in the twentieth century That's only half the story Liberals criticized segregation before mainstream Southern Baptists They created racially integrated ministry opportunities They pressed the Southern Baptist Convention to reject segregation Yet historians have discounted the role of conservative theology in the convention's shift away from racial segregation and prejudice This book chronicles how conservative theology proved remarkably compatible with efforts toward racial justice in America's largest Protestant denomination between 1954 and 1995 At times conservative theology was even a catalyst for rejecting racial prejudice Efforts to eradicate racism and segregation were in fact least successful when they appealed to the social gospel or appeared to draw from liberal theology

my job and this book was therapeutic for me to write My purpose for writing this book was my way to prove to college students and parents that Religion is extremely important in Child Development and Education It is right up there with Safety and Nutrition Did you know that Religion faith Bible God is talked about in various child development text books I m only bringing out topics that is already in our curriculum I have found such an intolerance to anything Religious based amongst college students and often even the staff Adjunct college professors don t have academic freedom Academic Freedom is a professional right that protects teachers students and academic institutions from interference when pursuing knowledge It allows scholars researchers and educators to engage in teaching and scholarship without fear of censorship or retribution This includes the freedom to raise difficult subjects in a classroom discussion and publish a controversial research paper I could see how academic freedom can be taken to far with religion and politics That being said those that can t express their academic freedom will find legal means to do so Hence the book I m writing In this book I discuss all the ways religion is brought up in the text book how it relates to children bible scriptures that go along with the topic the history of Christianity in Colleges and validity of the Bible

A Corruption of Consequence Ronnie W. Rogers,2021-02-23 A grave danger lurks behind the seemingly friendly term of social justice Contemporary social justice endangers our country families and most importantly the gospel of Jesus Christ Social justice is in many ways a euphemism for cultural Marxism What has made its threat even more treacherous is that cultural Marxism ideas have made their way into conservative evangelicalism and the Southern Baptist Convention As long as Christians are led to believe that social justice is the same as God s justice Christians will be facilitators of godless Marxism They will be instruments of corrupting the gospel of Jesus Christ This book biblically critiques social justice and prepares Christians to stand for God s impartial justice truth love and the gospel
