The Civil War was over but not for Jake Nichols Four years earlier he and the other members of the Loomis Battery marched out of Coldwater Michigan eager to fight the Rebels For two years they were very successful Then came Chickamauga Two of Jake s best friends died in that battle But something else happened at Chickamauga something devastating something that wouldn t let Jake find peace The problem was that he couldn t remember what had happened After the war Jake decided to head west to have time alone He wanted to remember what happened on that dreadful day He wanted to heal He wanted to find peace What Jake found was that others needed his help his wits and his gun Days in the Open (Illustrations) Lathan A. Crandall, 2014-11-17 Example in this ebook I THE BOY AND THE BROOK MA may I go fishing That the boy should use the homely Ma rather than Mamma makes it clear that he is not of our generation although his generous crop of freckles looks familiar and his blue jumper coming down to the knees and that battered straw hat are sometimes duplicated in our own day It is fifty years across which we look even if he does stand out so clearly The question is one that he asks daily if not oftener from the time when the pussy willows begin to swell in the spring time to the season for comforters and woollen mittens in the late fall Hark Do you hear the voice that is calling the boy It comes distinctly across the long stretch of years and is as sweet and compelling now as when it pulled at the heart of the lad on that long ago summer day It is the voice of the brook It gurgles and laughs and pleads It says Ha ha ha Isn t this a beautiful world and this the finest day ever Come on little boy and

play in my ripples I've some nice peppermint growing on my banks and all sorts of pretty pebbles that I have washed for you
Look sharp now Do you see that trout lying at the head of the riffle Do you know that I counted thirty seven as big as he is
between the bridge and the Deer Pond Come and catch em That brook was a part and a large one of the first permanent
impressions made upon the boy's mind It had its rise in a little pond concerning which there was the usual dark legend that it
had no bottom Just what held up the water was a mystery but the boy never doubted the legend It was fed by numerous
springs Vigorous and noisy from the moment when it broke forth from its source the brook was ten miles of silvery laughter If
you'll not go out of sight of the house you may go for an hour says the mother for she too has ears to hear the call of the
brook and can understand its charm for her lad Just up in the pasture lot above the bridge calls back the boy and starts off
with his pole and a supply of angleworms wrapped up in paper Take special notice of that pole for it is the joy of the boy's
heart He had thought that a cedar sapling peeled and thoroughly dried made an ideal outfit until a friend gave him a straight
cane pole painted a brilliant blue In after years he owned not a few jointed rods made by hand of split bamboo but the tide of
joy and pride has never risen higher in his heart than on the day when he became the possessor of the blue cane pole There
is a place in the pasture lot where the brook stretches itself out in a long reach of still water Above and below are rippling
shallows Wary as is his approach the boy sees the shy trout darting from the riffles into the darker water Patiently he dangles
his baited hook by the side of a sunken log and trails it temptingly back and forth before the coverts where the cunning fish
lie hidden but all in vain They have learned by experience that the presence of a blue jumper and a blue pole spells out
danger for them and refuse to take any risks Is this like so many other fishing trips to end in failure Watch the boy Laying the
blue pole carefully on the ground he rolls his sleeves to his shoulders and lying on his stomach on the bank of the brook
thrusts one hand very gently into the water With the utmost caution he feels here and there under the overhanging sods until
at last his fingers touch something that sends an electric thrill tingling through the length of his little body He feels a trout
and strangely enough it does not stir The little fingers gently tickle the belly of the trout as they work their way towards its
head and when they have encircled the body at the gills they suddenly contract and the fish is thrown far back upon the grass
