## **Anarchism Genuine And Asinine:**

**Anarchism** Jo Labadie, 1925      Men Against the State James J. Martin, 2018 the starting point for anyone concerned with the antecedents of libertarianism in the United States MEN AGAINST THE STATE first appeared in the spring of 1953 Within a matter of months it had received nearly fifty highly commendatory reviews in thirteen countries in seven languages Few products of American scholarly research in our time have gained more widespread international respect in such a short time This book brought back into view a tradition which almost disappeared between the beginning of the First World War and the end of the Second the philosophy and deeds of anti statist libertarian voluntarism in the United States during the three generations which flourished between 1825 and 1910 in a style which a London commentator described as a model of readable scholarship In the 1950s the era of the organization man and almost unparalleled political passivity MEN AGAINST THE STATE may have been a premature book as some have observed despite being reprinted two more times later in the decade This quiet and unsensational circulation continued to further its reputation nevertheless In the last ten years however it has been recognized by many as the starting point for anyone concerned with the antecedents of libertarianism in the United States The spread of interest in such thinking among a new generation has prompted the reissuance of this book in a conventionally printed popularly priced edition for the first time      **INDIVIDUALIST ANARCHISM IN THE UNITED**
