 Margaret Key Stawell,Margaret Wolfe Hungerford,2011-01-01 Little Agatha lived in the days when castles were as common
 in the land as cottages are now and when there were plenty of magicians always ready to help people out of difficulties One
 of the castles was Agatha s home It stood on a hill and was surrounded by a dark wood Agatha was a lonely little girl she had
 no sisters or brothers to play with She used to stand at the narrow window in the castle tower and look out into the wood and
 long to run about with other little girls If you had seen her you would have thought her a very funny figure in her long gown
 reaching nearly to the ground and a close cap over her curls In the evening Agatha could see very little when she stood at the
 window but still she stood there and looked at the dark wood It was then that the nightingale the Bird of Shadows sang to her
 and this was what she liked better than anything else She thought the nightingale s voice was lovely to hear and she
 wondered why it was so sad Evening after evening the lonely little girl looked out through the tower window listening to the
 nightingale till she felt that he was her friend Sometimes she spoke to him How much I should like to fly out of the window
 and be a nightingale too she said Then we would play together in the wood and I should have a voice like yours ever so sweet
 and ever so sad Sometimes she tried to sing but she found her voice was not in the least like the nightingale s Every day she
 became more anxious to be a nightingale until at last she thought about it always and yet seemed no nearer to her wish She
 hoped sometimes that her curls might turn into feathers but after several weeks of wishing she saw that the curls were still
 made of yellow hair She began to be afraid she would never be anything but a little girl One day she heard some of the maids
 talking together They were speaking of the Wise Man the Magician who lived in the dark cave on the side of the hill and
 could do the most wonderful things In fact they said there was hardly anything he couldn t do you had only to tell him what
 you wanted most and he could manage it for you Perhaps he could turn me into a nightingale thought Agatha I ll go and ask
 him anyway So while the maids were still talking she slipped out of the castle and through the wood and down the hill till she
 came to the dark cave Her long frock caught on the brambles as she went and her hands were a good deal scratched and
 once she tripped and fell But of course she did not mind anything of that kind because she was thinking all the time about the
 nightingale Agatha walked into the cave without knocking and found the Magician at home I dare say you know that all good
 Magicians have kind faces and long white beards This one was a good Magician so he had a kind face and a long white beard

Agatha was not in the least afraid of him She told him at once why she had come **Past Days in India**
