Andre Morellet 1727 1819 In The Republic

Jeffrey Merrick, Dorothy Medlin

Andre Morellet 1727 1819 In The Republic:

André Morellet (1727-1819) in the Republic of Letters and the French Revolution Jeffrey Merrick, Dorothy Medlin, 1995
André Morellet 1727 1819 a representative but neglected figure of the eighteenth century republic of letters contributed to the Encyclopédie and collaborated with royal ministers He frequented Parisian salons and supported liberty of conscience and commerce He not only participated in the campaign to reform the Ancien Régime but also witnessed and documented its destruction during the 1790s Morellet's life and works provide a splendid case study for the reconsideration of perennial questions about the Enlightenment and the Revolution Dissonance in the Republic of Letters Mark Darlow, 2017-12-02

Eighteenth century French cultural life was often characterised by quarrels and the arrival of Viennese composer Christoph Willibald Gluck in Paris in 1774 was no exception sparking a five year pamphlet and press controversy which featured a rival Neapolitan composer Niccolò Piccinni However as this study shows the Gluck Piccinni controversy was about far more than which composer was better suited to lead French operatic reform A consideration of cultural politics in 1770s Paris shows that a range of issues were at stake court versus urban taste as the proper judge of music whether amateurs or specialists should have the right to speak of opera whether the epic or the tragic mode is more suited for drama reform and even why should the public argue about opera at all Mark Darlow is Senior Lecturer in French at the University of Cambridge

Patrons of Enlightenment Edward Andrew, 2006-01-01 *Patrons of Enlightenment* emphasizes the dependency of thinkers upon patrons and compares the patron-client relationships in the French English and Scottish republics of letters

Capitalism and the Emergence of Civic Equality in Eighteenth-Century France William H. Sewell, 2021-04-28 There is little doubt that the French Revolution of 1789 changed the course of Western history But why did the idea of civic equality a distinctive signature of that revolution find such fertile ground in France How might changing economic and social realities have affected political opinions William H Sewell Jr argues that the flourishing of commercial capitalism in eighteenth century France introduced a new independence flexibility and anonymity to French social life By entering the interstices of this otherwise rigidly hierarchical society expanded commodity exchange colored everyday experience in ways that made civic equality thinkable possible even desirable when the crisis of the French Revolution arrived Sewell ties together masterful analyses of a multitude of interrelated topics the rise of commerce the emergence of urban publics the careers of the philosophes commercial publishing patronage political economy trade and state finance *Capitalism and the Emergence of Civic Equality in Eighteenth Century France* offers an original interpretation of one of history's pivotal moments **Sacred and Secular Agency in Early Modern France** Sanja Perovic, 2012-02-16 Challenging the master narrative of secularization an exploration of the persistent influence of religious categories in the cultural landscape of Europe's first secular state

The Republic of Letters Dena Goodman, 1994 Goodman chronicles the story of the Republic of Letters from its earliest formation through major periods of change the production of the Encyclopedia the proliferation of a print culture that

widened circles of readership beyond the control of salon governance and the early years of the French Revolution

Stranded Encyclopedias, 1700-2000 Linn Holmberg, Maria Simonsen, 2021-02-17 In *Stranded Encyclopedias 1700-2000* Exploring Unfinished Unpublished Unsuccessful Encyclopedic Projects fourteen scholars turn to the archives to challenge the way the history of modern encyclopedism has long been told Rather than emphasizing successful publications and famous compilers they explore encyclopedic enterprises that somehow failed With a combined attention to script print and digital cultures the volume highlights the many challenges facing those who have pursued complete knowledge in the past three hundred years By introducing the concepts of stranded and strandedness it also provides an analytical framework for approaching aspects often overlooked in histories of encyclopedias books and learning the unpublished the unfinished the incomplete the unsuccessfully disseminated and the no longer updated By examining these aspects in a new and original way this book will be of value to anyone interested in the history of encyclopedism and lexicography the history of knowledge language and ideas and the history of books writing translating and publishing Chapters 1 and 4 are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com

Politics and Culture in 18th-Century Anglo-Italian Encounters Lidia De Michelis, 2019-06-04 This collection addresses Anglo-Italian influences correspondences and relationships through the lens of an expansive notion of eighteenth century political history explored in its fecund dialogue with cultural history Its multifaceted approach fleshes out the idea of the Enlightenment community of people linking and sharing different forms and structures of knowledge into a comprehensive picture of the Age of Reason This book probes fields of great relevance for the cultural interpretation of historical experience and composes a lively and as yet unexplored map of an interconnected European world Anglo-Italian encounters are explored here primarily through the interweaving of political and cultural history adding a valuable cog to contemporary insight into the cosmopolitan nature of Enlightenment Europe The essays here range in scope from the public economy and international trade to finance moral philosophy the ethics and politics of translation travel the cosmopolitan impact of Italian music and taste and the art of gardening

An Enlightenment Statesman in Whig Britain Nigel Aston, Clarissa Campbell Orr, 2011 Lord Shelburne Prime Minister in 1782-83 was a profoundly important politician whose achievements included the negotiation of the peace with the newly independent United States This book constitutes a major and long overdue reappraisal of the politician considered by Disraeli to be the most neglected Prime Minister The book indicates caters for and leads the revival of interest in high politics including its gendered aspects It covers Shelburne's friends his finances and his politics and places him carefully within both an international and a national context For the first time his complicated but compelling family life his satisfying relations with women and his Irish ancestry are presented as essential factors for understanding his public impact overall Shelburne was a politician patron and cultural leader whose relationship to many of the ideas influences and individuals of the European Enlightenment are also emphasised The book is thoroughly up to date written by leading

authorities in the field and predominantly based on unpublished primary research Shelburne and his circle constituted one of the most important and progressive elements in British and European politics during the second half of the eighteenth century and the book will appeal to all readers interested in the Enlightenment Palgrave Advances in Intellectual History R. Whatmore, B. Young, 2006-05-26 The past three decades have seen a remarkable growth of interest in intellectual history and this book provides the first comprehensive survey of recent research in this field Each chapter considers developments in intellectual history and shows the ways intellectual historians have contributed to more established disciplinary enquiries

British-French Exchanges in the Eighteenth Century Kathleen Hardesty Doig, Dorothy Medlin, 2009-05-05 France and Great Britain so close geographically but separated by language culture and history had been exchanging merchandise visitors rulers and ideas for hundreds of years before the eighteenth century The flow of traffic only quickened during this period and became a flood in the direction of Great Britain during the decade following the Revolution While certain of these exchanges such as Voltaire's sojourn abroad have been studied in detail others are coming into focus only as scholars study secondary figures in the host country and the interactions of various groups with its citizens *British French Exchanges in the Eighteenth Century* gathers together fourteen recent essays by scholars from Great Britain and the United States who have examined various parameters of the subject Correspondences and translations are obvious forms of cultural sharing and are in play in many of the essays Others recount and analyse the stories of persons who actually visited the other country in circumstances ranging from pure tourism to emigration to a hostage exchange A final group of essays treats intellectual influences in realms as diverse as encyclopaedism cultural analysis connoisseurship and cosmopolitanism in the arts The volume is appropriate for collections in history literature and culture

gime ELIZABETH LIEBMAN 14 An Anglo Swiss Connection in the Age of Voltaire Jean Huber s British Friends and Relations GARRY APGAR **The Cambridge History of Eighteenth-Century Political Thought** Mark Goldie,Robert Wokler,2006-08-31 Publisher description **A Revolution in Language** Sophia A. Rosenfeld,Sophia Rosenfeld,2003-08-01 What is the relationship between the ideas of the Enlightenment and the culture and ideology of the French Revolution This book takes up that classic question by concentrating on changing conceptions of language and especially signs during the second half of the eighteenth century The author traces first the emergence of a new interest in the possibility of gestural communication within the philosophy theater and pedagogy of the last decades of the Old Regime She then explores the varied uses and significance of a variety of semiotic experiments including the development of a sign language for the deaf within the language politics of the Revolution A Revolution in Language shows not only that many key revolutionary thinkers were unusually preoccupied by questions of language but also that prevailing assumptions about words and other signs profoundly shaped revolutionaries efforts to imagine and to institute an ideal polity between 1789 and the start of the new century This book reveals the links between Enlightenment epistemology and the development of modern French political culture *Global Trade, Smuggling, and the Making of Economic Liberalism* Felicia Gottmann,2016-05-19 Imported from India China the Levant and Persia and appreciated for their diversity designs fast bright colours and fine weave Asian textiles became so popular in France that in 1686 the state banned their import consumption and imitation A fateful decision This book tells the story of smuggling on a vast scale savvy retailers and rebellious consumers It also reveals how reformers in the French administration itself sponsored a global effort to acquire the technological know how necessary to produce such textiles and how the vitriolic debates surrounding the eventual abolition of the ban were one of the decisive moments in the development of Enlightenment economic liberalism **Christianity Unveiled** Paul Henri Thiry Holbach (baron d'),2008 Through this new translation of d Holbach s Christianity Unveiled and a host of related documents never before translated the reader will come to an in depth appreciation of the courageous atheist who criticized sovereigns who pandered to the Church The Economic Turn Steven Kaplan,Sophus Reinert,2019-01-16 The mid eighteenth century witnessed what might be dubbed an economic turn that resolutely changed the trajectory of world history The discipline of economics itself emerged amidst this turn and it is frequently traced back to the work of Fran ois Quesnay and his school of Physiocracy Though lionized by the subsequent historiography of economics the theoretical postulates and policy consequences of Physiocracy were disastrous at the time resulting in a veritable subsistence trauma in France This galvanized relentless and diverse critiques of the doctrine not only in France but also throughout the European world that have hitherto been largely neglected by scholars Though Physiocracy was an integral part of the economic turn it was rapidly overcome both theoretically and practically with durable and important consequences for the history of political economy The Economic Turn brings together some of the leading historians of that moment to fundamentally recast our understanding of the origins

and diverse natures of political economy in the Enlightenment "*Eighteenth-Century Coffee-House Culture, vol 1* " Markman Ellis,2017-07-05 Helps scholars and students form an understanding of the contribution made by the coffee house to British and even American history and culture This book attempts to make an intervention in debates about the nature of the public sphere and the culture of politeness It is intended for historians and scholars of literature science and medicine

Atheism, Religion and Enlightenment in Pre-revolutionary Europe Mark Curran,2012 This book examines the reception of the works of the Baron d Holbach throughout Francophone Europe It insists that d Holbach s historical importance has been understated argues the case for the existence of a significant Christian Enlightenment and much more

The Afterlives of the Terror Ronen Steinberg,2019-09-15 The Afterlives of the Terror explores how those who experienced the mass violence of the French Revolution struggled to come to terms with it Focusing on the Reign of Terror Ronen Steinberg challenges the presumption that its aftermath was characterized by silence and enforced collective amnesia Instead he shows that there were painful complex and sometimes surprisingly honest debates about how to deal with its legacies As The Afterlives of the Terror shows revolutionary leaders victims families and ordinary citizens argued about accountability retribution redress and commemoration Drawing on the concept of transitional justice and the scholarship on the major traumas of the twentieth century Steinberg explores how the French tried but ultimately failed to leave this difficult past behind He argues that it was the same democratizing radicalizing dynamic that led to the violence of the Terror which also gave rise to an unprecedented interrogation of how society is affected by events of enormous brutality In this sense the modern question of what to do with difficult pasts is one of the unanticipated consequences of the eighteenth century s age of democratic revolutions Thanks to generous funding from Michigan State University and its participation in TOME Toward an Open Monograph Ecosystem the ebook editions of this book are available as Open Access OA volumes available on the Cornell University Press website and other Open Access repositories *Diderot studies XXVIII* Diana Guiragossian,2000
