Strategic Marketing Russell Abratt, Michael Bendixen, 2018-07-04 This book is a unique collection of comprehensive cases that explore concepts and issues surrounding strategic marketing. Chapters explain what strategic marketing is and then discuss strategic segmentation, competitive positioning, and strategies for growth, corporate branding, internal brand management, and corporate reputation management. With case studies from a broad range of global contexts and industries including Burger King, FedEx, and Twitter, readers will gain a working knowledge of developing and applying market-driven strategy. Through case analysis, students will learn to examine the role of corporate business and marketing strategy in strategic marketing, recognize the implications of markets on competitive space with an emphasis on competitive positioning and growth, interpret the various elements of marketing strategy and apply them to a particular real-world situation, apply sound decision-making strategies and analytical frameworks to specific strategic marketing problems and issues, apply ethical frameworks to strategic marketing situations. *Strategic Marketing: Concepts and Cases* is ideal for advanced undergraduate and postgraduate students as well as those studying for an MBA or executive courses in strategic marketing or marketing management.

Overthrowing the Queen Tom Mould, 2020-08-25 Examining the popular myths and unseen realities of welfare, this study reveals the political power of folklore and the possibilities of storytelling. In 1976, Ronald Reagan hit the campaign trail with an extraordinary account of a woman committing massive welfare fraud. The story caught fire and a devastating symbol of the misuse of government programs was born: the Welfare Queen. *Overthrowing the Queen* examines these legends of fraud and abuse while bringing to light personal stories of hardship and hope told by cashiers, bus drivers, and business owners, politicians, and aid providers, and most important, aid recipients themselves. Together, these stories reveal how the seemingly innocent act of storytelling can create powerful stereotypes that shape public policy. They also showcase redemptive counter-narratives that offer hope for a more accurate and empathetic view of poverty in America today. *Overthrowing the Queen* tackles perceptions of welfare recipients while proposing new approaches to the study of oral narrative that extend far beyond the study of welfare, poverty, and social justice.

The Innovative Lean Enterprise Jr., Anthony Sgroi, 2013-08-19 Explaining how to use Lean principles to drive innovation and strategic portfolio planning. *The Innovative Lean Enterprise: Using the Principles of Lean to Create and Deliver Innovation to Customers* outlines simple yet powerful visual Lean tools that can enhance idea generation and product development. It starts with a discussion of Lean principles.

Serazio illuminates a diverse and fascinating set of campaign examples from the America's Army video game to Pabst Blue Ribbon's hipster hijack from buzz agent bloggers and tweeters to The Dark Knight's Why So Serious social labyrinth. Blending rigorous analysis with eye-opening reporting and lively prose, Your Ad Here reveals the changing ways that commercial culture is produced today.
