World AIDS Day 2022: Putting ourselves to the test: achieving equity to end HIV Diego Ripamonti ,Segundo Ramos León Sandoval,2024-10-29 Since HIV was first identified in the early 1980s we have had numerous scientific advancements to improve HIV prevention and treatment However there are still 38 million people currently living with HIV and a proportion of them have developed Acquired Immunodeficiency Syndrome AIDS The main issue with HIV and AIDs is inequalities the communities affected are disproportionately distributed among the Global South World AIDS Day takes place every year on the 1st of December and was founded in 1988 making it the first global health day to be established This year the theme of World AIDS Day is equality Tackling the inequalities surrounding HIV testing prevention care and stigma among marginalized populations is the only way to not fall behind the targets of the third sustainable development goal of ending the HIV AIDS epidemic by 2030

Static and Dynamic Performance Analysis of Structures and Materials Under Complex Loads and Environmental Excitation Ping Xiang,Abdelmoumen Anis Bousahla,Huaping Wang,Adesola Ademiloye,2025-05-29 With the development of structural materials more and more new materials and construction methods are applied to infrastructure construction in order to achieve carbon neutrality and emission peak Nowadays people have more and more strict requirements for the comfort safety and resistance to environmental disasters of infrastructure Therefore the static and dynamic performance of new structures and materials under complex environment and load becomes more and more important in construction and design of infrastructure engineering Modern civil engineering has been developing towards intelligence Both construction technology and material technology are developing towards a more intelligent direction How to take new means to make the structure have good mechanical performance and can sense the external environment and load excitation is a development direction of civil engineering This Research Topic welcomes researches on the macro and micro mechanical performance analysis of materials static and dynamic response analysis of structures in construction engineering bridge engineering railway engineering and geotechnical engineering In addition under the action of wind load and earthquake load the large scale vibration of structures will seriously endanger the safety The safety and stability performances of infrastructures still represent a serious challenge to researchers engineers and constructors This Research Topic is dedicated to the most recent advances in research into the mechanical performances of structures and materials and some related applications We welcome scientists and investigators to contribute Original Research and Review articles addressing the main issues facing the field Potential topics include but are not limited to the following New theoretical numerical and experimental methods for vibration of structures Assessment of dynamic responses of infrastructures under static and dynamic loads Innovative design and mechanical performances of composite structures Intelligent structural health monitoring with optical fiber sensing technology Mechanical performances of structures and materials from micro to macro scales Mechanism of vehicle bridge coupling vibration Structural fatigue performance analysis under earthquakes Infrastructure innovations for durability and resilience with new structure system and materials Dynamic

evolution of structural damage under extreme loads such as earthquake typhoon and impact Structural health monitoring of large scale infrastructures Numerical modelling and computational mechanical analysis of structures and infrastructures

System Analysis and Modeling: Models and Reusability Daniel Amyot, Pau Fonseca i Casas, Gunter

Mussbacher, 2014-09-24 This book constitutes the refereed papers of the proceedings of the 8th International Conference on System Analysis and Modeling SAM 2014 held in Valencia Spain in September 2014 The 18 full papers and the 3 short papers presented together with 2 keynotes were carefully reviewed and selected from 71 submissions The contributions are organized in topical sections named reuse availability safety and optimization sequences and interactions testing metrics constraints and repositories and SDL and V V

Wiley CPA Examination Review, Outlines and Study Guides Patrick R.

Delaney, O. Ray Whittington, 2012-05-23 The 1 CPA exam review self study leader The CPA exam review self study program more CPA candidates turn to take the test and pass it Wiley CPA Exam Review 39th Edition contains more than 4 200 multiple choice questions and includes complete information on the Task Based Simulations Published annually this comprehensive two volume paperback set provides all the information candidates need to master in order to pass the new Uniform CPA Examination format Features multiple choice questions new AICPA Task Based Simulations and written communication questions all based on the new CBT e format Covers all requirements and divides the exam into 47 self contained modules for flexible study Offers nearly three times as many examples as other CPA exam study guides With timely and up to the minute coverage Wiley CPA Exam Review 39th Edition covers all requirements for the CPA Exam giving the candidate maximum flexibility in planning their course of study and success

Alexander's Nursing Practice E-Book Ian Peate, 2019-08-20 The latest edition of this popular volume has been fully updated throughout to meet the needs of the 2018 NMC Standards of Proficiency Richly illustrated throughout the book comes with real life Case Studies to help readers contextualise and apply new information pathophysiology to explain disease processes enhanced discussion of pharmacology and medicines management to assist with prescribing readiness and helpful learning features which include Key Nursing Issues and Reflection and Learning What Next Available with a range of supplementary online tools and learning activities Alexander's Nursing Practice fifth edition will be ideal for all undergraduate adult nursing students the Trainee Nursing Associate and anyone returning to practice New edition of the UK's most comprehensive textbook on Adult Nursing Retains the popular three part structure to ensure comprehensive coverage of the subject area Common Disorders Core Nursing Issues and Specific Patient Groups Illustrative A P and pathophysiology help explain key diseases and disorders Real life Case Studies help contextualise and apply new information Explains relevant tests and investigations and when needed the role of the nurse in the context of each of them Helpful learning features include Key Nursing Issues and Reflection and Learning What Next Encourages readers to critically examine issues that are related to care provision Useful icons throughout the text directs readers to additional online material Glossary contains over 300 entries to explain new terminology and concepts

Appendices include notes on Système International SI units and reference ranges for common biochemical and haematological values Perfect for second and third year undergraduate nursing students senior Trainee Nursing Associates those returning to practice or needing to review practice and prepare for revalidation Edited by the world renowned Ian Peate editor of the British Journal of Nursing who brings together a new line up of contributors from across the UK and Australia Reflects contemporary issues such as the complexity of acute admissions and the increasing importance of the multidisciplinary approach to patient care Reflects the 2018 NMC Standards of Proficiency for Nurses and the NMC 2018 Code Helps prepare students for prescribing readiness with basic principles of pharmacology evidence based person centred approaches to medicines management and an understanding of the regulatory professional legal and ethical frameworks Recognises the introduction of the Nursing Associate role in England *Pediatric Gastrointestinal and Liver Disease - E-BOOK* Robert Wyllie, Jeffrey S.
