Since the lock down period was announced by the South African President due to the covid-19 pandemic, the business has experienced a remarkable decline in sales and other income.

S. Potless decided to change their product line to the selling of personal protection equipment (PPE) and sanitizing material. They will also replace their house cleaning services with the sanitation of buildings as from 1 September 2020. They were forced to make these changes as they did not earn any income for their usual cleaning services since 27 March 2020.

The business also has prospects of signing a big contract for the sanitation of a few government buildings in the area from 1 December 2020.

The following information was made available on 31 August 2020.
