Crosswalk of 2012 CPT Codes to 2013 CPT Codes

The following table provides a crosswalk between the CPT coding options in 2012 to the CPT coding options that take effect on January 1, 2013. In addition to new numbers and revised or new descriptors, a new concept – add-on codes – has been introduced. This list includes only those codes that have been revised in some way and is not a full list of CPT codes describing psychiatric work. We encourage everyone to purchase the 2013 edition of the CPT manual from the AMA (see below) and to visit APA's website for information on webinars and other educational opportunities.
