An Encyclopaedia in Spatio-Temporal Dimensions Patit Paban Mishra, 2024-10-20 The encyclopaedia highlights the South Asian country of India with its varied ramifications. As a rich country with all its diversity, it has played a significant role in world affairs for more than two thousand years. India is the most populous country in the world and its economy is growing rapidly. It is marching ahead in science and technology. In the hundredth anniversary of its independence in 2047, it aspires to become a developed nation. One should be aware of this country in this globalized world. It is not only fascinating but also knowledge enhancing. The encyclopaedia holds importance due to several reasons: information on a vast range of subjects, scientific methodology, accuracy, and reliability. It could be used as a starting point for further research. The book will be useful for general readers, serious researchers, graduate students, and academics. [India under Colonial Rule: 1700-1885](#)

Douglas M. Peers, 2013-11-05 Between 1700 and 1885 the British became the paramount power on the Indian subcontinent, their authority extending from Sri Lanka in the south to the Himalayas in the north. It was a massive empire inspiring both pride and anxiety amongst the British and forcing change upon and disrupting the lives of its Indian subjects. Yet it is not simply a history of conquest and subjugation or dominance and defeat; interaction and interdependency powerfully shaped the histories of all involved. The end result was a hybrid empire. India may have become by 1885 the jewel in the British crown, but by that same year a series of changes had occurred within Indian society that would set the foundations for the modern states of India, Pakistan, and Bangladesh. This book provides a concise introduction to these dramatic changes.

The Making of History K. N. Panikkar, T. J. Byres, Utsa Patnaik, 2002 A Marxist scholar and historian, Irfan Habib has been a towering presence in the Indian intellectual scene for over four decades. Professor Habib's undiminished commitment to the cause of socialism is reflected in these highly original and bold analyses of Marxist historiography and theories of socialist construction. [A History of Modern India](#) Ishita Banerjee-Dube, 2014-10-27 This book provides an interpretive and comprehensive account of the history of India between the eighteenth and twentieth centuries, a crucial epoch characterized by colonialism, nationalism, and the emergence of the independent Indian Union. It explores significant historiographical debates concerning the period while highlighting important new issues, especially those of gender, ecology, caste, and labour. The work combines an analysis of colonial and independent India in order to underscore ideologies, policies, and processes that shaped the colonial state and continue to mould the Indian nation. **South Asia's Modern History** Michael Mann, 2014-10-24 This comprehensive history of modern South Asia explores the historical development of the Subcontinent from the beginning of the eighteenth century to the present day, from local and regional as opposed to European perspectives. Michael Mann charts the role of emerging states within the Mughal Empire, the gradual British colonial expansion in the

political setting of the Subcontinent and shows how the modern state formation usually associated with Western Europe can be seen in some regions of India linking Europe and South Asia together as part of a shared world history This book looks beyond the Subcontinent's post colonial history to consider the political economic social and cultural development of Pakistan and Bangladesh as well as Sri Lanka and Nepal and to examine how these developments impacted the region's citizens South Asia's Modern History begins with a general introduction which provides a geographical environmental and historiographical overview This is followed by thematic chapters which discuss Empire Building and State Formation Agriculture and Agro Economy Silviculture and Scientific Forestry Migration Circulation and Diaspora Industrialisation and Urbanisation and Knowledge Science Technology and Power demonstrating common themes across the decades and centuries This book will be perfect for all students of South Asian history

A Great War in South India Ravi Ahuja, Martin Christof-Füchsle, 2019-12-02 This book examines documents from the wars between the British colonial power and the South Indian regional power Mysore between 1766 and 1799 It transcribes and makes available for the first time the rich German documentation of a war that was as destructive as the Thirty Years War in Germany

India, Modernity and the Great Divergence Kaveh Yazdani, 2017-01-05 India Modernity and the Great Divergence is an original and pioneering book about India's transition towards modernity and the rise of the West The work examines global entanglements alongside the internal dynamics of 17th to 19th century Mysore and Gujarat in comparison to other regions of Afro Eurasia It is an interdisciplinary survey that enriches our historical understanding of South Asia ranging across the fascinating and intertwined worlds of modernizing rulers wealthy merchants curious scholars utopian poets industrious peasants and skilled artisans Bringing together socio economic and political structures warfare techno scientific innovations knowledge production and transfer of ideas this book forces us to rethink the reasons behind the emergence of the modern world

Approaches to History Sabyasachi Bhattacharya, 2011 History as a social science is arguably more self reflective than associated disciplines in that family Other social scientists seem to see little reason to look beyond the paradigm they are developing in the present times Historians on the other hand tend to depend on the cumulative process of the development of their craft and the fund of accumulated knowledge Yet while this is acknowledged in the practice of research Historiography in itself as a subject of study has rarely found its place in the syllabi of Indian universities

Knowledge of Historiography is taken for granted when a scholar plunges into research In an attempt to address this lacuna the Indian Council of Historical Research ICHR has planned a series of volumes on Historiography comprising articles by subject specialists commissioned by the ICHR The first volume in the series Approaches to History Essays in Indian Historiography brings to the readers the first fruits of that endeavour While the essays encompass areas of research presently at the frontiers of new research scholars will also find the bibliographies accompanying the essays of significant appeal

The Company's Sword Christina Welsch, 2022-08-25 In the late eighteenth century it was a cliché that the East India Company ruled India by the sword Christina Welsch shows how Indian and European soldiers shaped and challenged the Company's political expansion and how elite officers turned those dynamics into a bid for stratocracy a state dominated by its army Combining colonial records with Mughal Persian sources from Indian states The Company's Sword offers new insight into India's eighteenth century military landscape showing how elite officers positioned themselves as the sole actors who could navigate understand and control those networks Focusing on south India rather than the Company's better studied territories in Bengal the analysis provides a new approach chronology and geography through which to understand the Company Raj It offers a fresh perspective of the Company's collapse after the rebellions of 1857 tracing the deep roots of that conflict to the Company's eighteenth century development

Capitalisms Kaveh Yazdani, Dilip M. Menon, 2020-01-02 Conventional accounts often conceive the genesis of capitalism in Europe within the conjunctures of agricultural commercial and industrial revolutions Challenging this widely believed cliché this volume traces the history of capitalism across civilizations tenth century onwards and argues that capitalism was neither a monolithic entity nor exclusively an economic phenomenon confined to the West Looking at regions as diverse as England South America Russia North Africa and East South West and Southeast Asia the book explores the plurality of developments across time and space The chapters analyse aspects such as historical conjunctures commodity production and distribution circulation of knowledge and personnel and the role of mercantile capital small producers and force all the while stressing the necessity to think beyond present day national boundaries The book argues that the multiple histories of capitalism can be better understood from a trans regional intercontinental and interconnected perspective

Political Survival and Sovereignty in International Relations Jesse Dillon Savage, 2020-03-12 Why do political actors willingly give up sovereignty to another state or choose to resist sometimes to the point of violence Jesse Dillon Savage demonstrates the role that domestic politics plays in the formation of international hierarchies and shows that when there are high levels of rent seeking and political competition within the subordinate state elites within this state become more prepared to accept hierarchy In such an environment members of society at large are also more likely to support the surrender of sovereignty Empirically rich the book adopts a comparative historical approach with an emphasis on Russian attempts to establish hierarchy in post Soviet space particularly in Georgia and Ukraine This emphasis on post Soviet hierarchy is complemented by a cross national statistical study of hierarchy in the

post WWII era and three historical case studies examining European informal empire in the nineteenth and early twentieth centuries Making Waves William G. Martin, 2015-12-03 Making Waves unearths the successive worldwide waves of revolts rebellions and revolutions that have shaken and remade the world from the eighteenth century to the present It challenges us to rethink not only our limited conceptions of social movements but the very character and possibilities of social movements The authors show how successive outbursts of global social protest have undermined world capitalist orders and through both their successes and their failures provided the basis for long periods of stable capitalist rule across all the zones of the world economy The surprises start in the Age of Revolution when the antisystemic wave of slave revolts that led to the Haitian Revolution is related to the systemic effects of their combination with the U S and French Revolutions The analysis comes up to the present when a wave of post 1989 movements points to quite divergent futures based as in the past on the search for alternatives to communities organized by capital accumulation nation states and the accelerating commodification and fragmentation of human needs identities and desires Chinese and Indian Warfare - From the Classical Age to 1870 Kaushik Roy, Peter Lorge, 2014-12-17 This book examines the differences and similarities between warfare in China and India before 1870 both conceptually and on the battlefield By focusing on Chinese and Indian warfare the book breaks the intellectual paradigm requiring non Western histories and cultures to be compared to the West and allows scholarship on two of the oldest civilizations to be brought together An international group of scholars compare and contrast the modes and conceptions of warfare in China and India providing important original contributions to the growing study of Asian military history 500 Great Military Leaders Spencer C. Tucker, 2014-12-16 This insightful encyclopedia examines the most influential commanders who have shaped military history and the course of world events from ancient times to the present From Alexander the Great and Attila the Hun to Ho Chi Minh and Colin Powell 500 Great Military Leaders provides readers with insight into the most innovative and prominent individuals who have led armies to victory on battlefields all over the world The broad coverage ranges from military leaders from the ancient world to the present day including political figures who directed war efforts and those who were responsible for major technological improvements This encyclopedia goes beyond providing factual information about each individual s life to delve into the greater historical context and impact on their contemporaries as well as on future military history The presentation of information is designed to enable readers to both observe the gradual evolution of warfare over time and clearly perceive the differences in tactics used by generals with varying military resources at their disposal The entries include not only information on the individual s life and work but a summary statement that assesses successes and failures across each leader s career and summarizes the overall impact Each entry also provides several references for further reading about that individual The accessible writing style of this resource and in depth information and analyses make it appropriate for high school and undergraduate level students as well as scholars of military history and individuals who simply enjoy reading about military history Musaliar

King Abbas Panakkal,2024-09-10 This book delves into decolonial saga of Malabar through the eyes of a native chronicler and uncover the hidden truth behind the Musaliar King the media moulded monarch by colonial misnomers This richly woven narrative illuminates inter community alliances amidst turmoil and exposes calculated colonial stratagems that obscured sacrifices made by natives The narrative serves as a corrective lens shedding light on the valiant deeds often overshadowed by colonial narratives Readers are taken on a transformative journey where historical understanding is reshaped and the vernacular valour embedded in the history of Malabar comes to the forefront Navigate the contours of a contentious issue surrounding a photograph as the author masterfully challenges its authenticity This eloquent journey transcends the mere exploration of historical facts it is a symphony of identity sacrifice and community resilience A literary gem for aficionados of history this monograph invites readers to savour the beauty of Malabar s tumultuous past promising a profound understanding of the events that have shaped its captivating history This book debunks controversial narratives and confronts the misidentified reshaping historical understanding and revealing the spirit within Malabar s untold stories of solidarity and sacrifice

The Animal in Ottoman Egypt Alan Mikhail,2014 Animals in rural Egypt became enmeshed in social relationships and made possible many tasks otherwise impossible Rather than focus on what animals represented or symbolized Mikhail discusses their social and economic functions as Ottoman Egypt cannot be understood without acknowledging animals as central shapers of the early modern world

Hajj across Empires Rishad Choudhury,2024-02-08 Rishad Choudhury presents a new history of imperial connections across the Indian Ocean from 1739 to 1857 a period that witnessed the decline and collapse of Mughal rule and the consolidation of British colonialism in South Asia In this highly original and comprehensive study he reveals how the hajj pilgrimage significantly transformed Muslim political culture and colonial attitudes towards it creating new ideas of religion and rule Examining links between the Indian Subcontinent and the Ottoman Middle East through multilingual sources from first hand accounts to administrative archives of hajj Choudhury uncovers a striking array of pilgrims who leveraged their experiences and exchanges abroad to address the decline and decentralization of an Islamic old regime at home Hajjis crucially mediated the birth of modern Muslim political traditions around South Asia Hajj across Empires argues they did so by channeling inter imperial crosscurrents to successive surges of imperial revolution and regional regime change
