Agrarian Studies Synthetic Work At The Cutting Edge:

Agrarian Studies James C. Scott, Nina Bhatt, 2001-01-01 This book presents an account of an intellectual breakthrough in the study of rural society and agriculture Its ten chapters selected for their originality and synthesis from the colloquia of the Program in Agrarian Studies at Yale University encompass various disciplines diverse historical periods and several regions of the world The contributors fresh analyses will broaden the perspectives of readers with interests as wide ranging as rural sociology environmentalism political science history anthropology economics and art history The ten studies recast and expand what is known about rural society and agrarian issues examining such topics as poverty subsistence cultivation ecology justice art custom law ritual life cooperation and state action Each contribution provides a point of departure for new study encouraging deeper thinking across disciplinary boundaries and frontiers *Handbook of Critical Agrarian Studies* Akram-Lodhi, A. H., Dietz, Kristina, Engels, Bettina, McKay, Ben M., 2021-12-14 Exploring the emerging and vibrant field of critical agrarian studies this comprehensive Handbook offers interdisciplinary insights from both leading scholars and activists to understand agrarian life livelihoods formations and processes of change It highlights the development of the field which is characterized by theoretical and methodological pluralism and innovation *Soziale Ästhetik, Atmosphäre, Medialität* Philipp Zehmisch, Ursula Münster, Jens Zickgraf, Claudia Lang, 2018 **Criminal Capital** Andrew Sanchez, 2016-04-14 Criminal Capital is an ethnographic analysis of the relationship between neoliberalism criminality and the reshaping of class in modern industrial India It examines the links between capitalism corruption trade unionism violence and labour politics in contemporary Indian society and public policy Water Policy and Governance in South Asia M. Anwar Hossen, 2017-03-16 Dr Hossen carried out an exceptional program of research in Bangladesh which focused on water governance in relation to human rights international water law and environmental sustainability His major argument is that eco agricultural system encounters major disruptions due to a number of factors including regional hydropolitics and neoliberal and highly centralized approaches to water resource management that follow the principles of ecocracy In this context Dr Hossen explores three major questions i How can local ecological knowledge be incorporated into national water policy ii What strategies and reforms are required at the international watershed governance level and iii How can human rights principles including the principle of water as a human right be used to formulate more effective water policy and governance principles To answer these questions Dr Hossen explores the effects of regional hydropolitics on water management focusing on three large engineering projects the Farakka Barrage built by India on the Ganges River and the Ganges Kobodak GK and Gorai River Restoration GRR Projects in Bangladesh This analysis is based on his research into local knowledge and farming practices during a year of fieldwork in 2011 12 focus group discussions in depth case studies and social survey methods In addition to this primary data he looks at extensive secondary documents from the government of Bangladesh pertaining to water management agricultural modernization and institutional structures The arguments herein

are applicable particularly to the Ganges Brahmaputra Basin countries in South Asia but also to the river basins of other parts of the world

The Politics of Belonging in India Daniel J. Rycroft, Sangeeta Dasgupta, 2011-03-29 Since the 1990s the Indigenous movement worldwide has become increasingly relevant to research in India re shaping the terms of engagement with Adivasi Indigenous tribal peoples and their pasts This book responds to the growing need for an inter disciplinary re assessment of Tribal studies in postcolonial India and defines a new agenda for Adivasi studies It considers the existing conceptual and historical parameters of Tribal studies as a means of addressing new approaches to histories of de colonization and patterns of identity formation that have become visible since national independence Contributors address a number of important concerns including the meaning of Indigenous studies in the context of globalised academic and political imaginaries and the possibilities and pitfalls of constructions of indigeneity as both a foundational and a relational concept A series of short editorial essays provide theoretical clarity to issues of representation resistance agency recognition and marginality The book is an essential read for students and scholars of Indian Sociology Anthropology History Cultural Studies and Indigenous studies

Politics in the Roman Republic: Perspectives from Niebuhr to Gelzer Cary Michael Barber, 2022-09-19 B G Niebuhr the founder of modern history exerts an enduring influence even in death Goethe once claimed Niebuhr still walks around and works Today Niebuhr is a humbler phantom rarely invoked and largely forgotten Similar fates await the shades of Theodor Mommsen Friedrich M nzer and Matthias Gelzer Yet each demands reconsideration and revitalization Their texts remain foundational constituting the conceptual and methodological core of Republican political studies Politics in the Roman Republic re presents the first critical comprehensive Anglophone survey of these scholars influence Its innovative

reassessments dispel deep seated misconceptions and emphasize relevance The work s unique re interpretations render it essential reading for any student of Rome specialist and non specialist alike

Legalizing the Revolution Sandipto Dasgupta,2024-10-24 Theorizes the project of instituting a postcolonial order following decolonization through an account of the Indian constitution

Future of the Forest Anand P. Vaidya,2025-04-15 Future of the Forest is the story of legal transformations of forests across India through collective action Since the nineteenth century Indian forest dwellers have been unable to enforce their claims to the land on which they live or the products of it that they use But at the turn of the twenty first century a new national movement led to the passage of the Forest Rights Act a landmark law that recognizes the tenure and use rights of India s millions of landless forest dwellers Anand P Vaidya tracks the Forest Rights Act from the movements that pushed for its passage to its drafting and the many revisions it underwent to satisfy coalitions of local peoples conservationists and a wide spectrum of political parties and movements and finally to its impact on two neighboring villages in central India s forest belt The forests have seen a long history of political authority enacted to the benefit of the powerful Future of the Forest follows the work of activists and forest dwellers who turned to the law to shift this balance of power

Chicken Steve Striffler,2007-06-01 From inside the chicken factory a report on the real cost of chicken for farmers workers and consumers

A Political Ecology of Forest Conservation in India Amrita Sen,2021-11-25 This book critically explores the political ecology of human marginalization wildlife conservation and the role of the state in politicizing conservation frameworks drawing on examples from forests in India The book specifically demonstrates the nuances within human environmental linkages by showing how environmental concerns are not only ecological in content but also political In India a large part of the forests and their surrounding areas were inhabited far before they were designated as protected areas and inviolate zones with the local population reliant on forests for their survival and livelihoods Thus socioecological conflicts between the forest dependents and official state bodies have been widespread This book uses a political ecology lens to explore the complex interplay between current norms of forest conservation and environmental subjectivities illustrating contemporary articulation of forest rights and the complex mediations between forest dependents and different state and non state bodies in designing and implementing regulatory standards for wildlife and forest protection It foregrounds the issues of identity migration and cultural politics while discussing the politics of conservation Through a political ecology approach the book not only is human centric but also makes significant use of the role of non humans in foregrounding the conservation discourse with a particular focus on tigers The book will be of great interest to students and academics studying forest conservation human wildlife interactions and political ecology

Popular Culture in Ancient Rome J. P. Toner,2013-04-25 The mass of the Roman people constituted well over 90% of the population Much ancient history however has focused on the lives politics and culture of the minority elite This book helps redress the balance by focusing on the non elite in the Roman world It builds a vivid account of the everyday lives of the masses including their

social and family life health leisure and religious beliefs and the ways in which their popular culture resisted the domination of the ruling elite The book highlights previously under considered aspects of popular culture of the period to give a fuller picture It is the first book to take fully into account the level of mental health given the physical and social environment that most people faced their overall mental health mirrored their poor physical health It also reveals fascinating details about the ways in which people solved problems turning frequently to oracles for advice and guidance when confronted by difficulties Our understanding of the non elite world is further enriched through the depiction of sensory dimensions Toner illustrates how attitudes to smell touch and noise all varied with social status and created conflict and how the emperors tried to resolve these disputes as part of their regeneration of urban life Popular Culture in Ancient Rome offers a rich and accessible introduction to the usefulness of the notion of popular culture in studying the ancient world and will be enjoyed by students and general readers alike

The Hungry World Nick Cullather, 2011-04-01 Food was a critical front in the Cold War battle for Asia Where Communism goes hunger follows was the slogan of American nation builders who fanned out into the countryside to divert rivers remodel villages and introduce tractors chemicals and genes to multiply the crops consumed by millions This green revolution has been credited with averting Malthusian famines saving billions of lives and jump starting Asia s economic revival Bono and Bill Gates hail it as a model for revitalizing Africa s economy But this tale of science triumphant conceals a half century of political struggle from the Afghan highlands to the rice paddies of the Mekong Delta a campaign to transform rural societies by changing the way people eat and grow food The ambition to lead Asia into an age of plenty grew alongside development theories that targeted hunger as a root cause of war Scientific agriculture was an instrument for molding peasants into citizens with modern attitudes loyalties and reproductive habits But food policies were as contested then as they are today While Kennedy and Johnson envisioned Kansas style agribusiness guarded by strategic hamlets Indira Gandhi Marcos and Suharto inscribed their own visions of progress onto the land Out of this campaign the costliest and most sustained effort for development ever undertaken emerged the struggles for resources and identity that define the region today As Obama revives the lost arts of Keynesianism and counter insurgency the history of these colossal projects reveals bitter and important lessons for today s missions to feed a hungry world

Imperial Nature Michael Goldman, 2008-10-01 Why is the World Bank so successful How has it gained power even at moments in history when it seemed likely to fall This pathbreaking book is the first close examination of the inner workings of the Bank the foundations of its achievements its propensity for intensifying the problems it intends to cure and its remarkable ability to tame criticism and extend its own reach Michael Goldman takes us inside World Bank headquarters in Washington D C and then to Bank project sites around the globe He explains how projects funded by the Bank really work and why community activists struggle against the World Bank and its brand of development Goldman looks at recent ventures in areas such as the environment human rights and good governance and reveals how despite its poor track record the World Bank has acquired

greater authority and global power than ever before The book sheds new light on the World Bank's role in increasing global inequalities and considers why it has become the central target for anti globalization movements worldwide For anyone concerned about globalization and social justice Imperial Nature is essential reading Forests and Ecological History of Assam, 1826-2000 Arupjyoti Saikia, 2011-02-07 This book presents a comprehensive account of the transformation of Assam's forests and ecology from early nineteenth century to the end of the twentieth century It locates present day ecological conflicts in the colonial era when contest over forest land and resource began to take new shape Arupjyoti Saikia delineates how forest resources in Assam were mapped and integrated with merchant capitalism since the early nineteenth century He shows how imperial forestry practices led to changes in traditional resource utilization patterns The book also examines the political economy of conservation practices It explores the question of law and conservation role of institutions and organizations and the changing role of the forests in imperial economy The book argues how the making of forest policy in the postcolonial period was defined by the complexities of the political matrix It discusses plantation silvicultural practices protection and regeneration of forests and livelihood practices The author also analyses public debates surrounding ecology and environmental changes in conservation practices after the 1980 Act An Environmental History of India Michael H. Fisher, 2018-10-18 India Pakistan and Bangladesh contain one fifth of humanity are home to many biodiversity hotspots and are among the nations most subject to climatic stresses By surveying their environmental history we can gain major insights into the causes and implications of the Indian subcontinent's current conditions This accessible new survey begins roughly 100 million years ago when continental drift moved India from the South Pole and across the Indian Ocean forming the Himalayan Mountains and creating monsoons Coverage continues to the twenty first century taking readers beyond independence from colonial rule The new nations of India Pakistan and Bangladesh have produced rising populations and have stretched natural resources even as they have become increasingly engaged with climate change To understand the region's current and future pressing issues Michael H Fisher argues that we must engage with the long and complex history of interactions among its people land climate flora and fauna **A Companion to Global Environmental History** J. R. McNeill, Erin Stewart Mauldin, 2025-02-06 A COMPANION TO GLOBAL ENVIRONMENTAL HISTORY Equips both specialists and newcomers with the historical intellectual and political context for engagement with the environment Providing multiple points of entry into a dynamic fast growing field A Companion to Global Environmental History explores the many contours of the relationship between human societies and the natural world on which they depend Bringing together essays by an international roster of both established experts and emerging scholars this volume covers a uniquely broad range of temporal geographic thematic and contextual approaches to the practice of global environmental history Thirty three detailed chapters describe how the relationship between society and nature has changed over time examine the various drivers of change and environmental transformations survey different types of environmental thought and action around the world and more Now

in its second edition the Companion is fully revised to reflect major research developments and new trajectories within the field Updated chapters that present new evidence for longstanding debates and innovative applications of environmental history are accompanied by six entirely new chapters on India China Africa early modern cities global environmental governance and European environmentalism Offering fresh insights into environmental thought culture policy and politics A Companion to Global Environmental History Second Edition is an ideal textbook for undergraduate and graduate students and an invaluable reference for scholars researchers and environmental historians *Changing Pathways* Tuck-Po Lye, 2004-01-01 The Batek are hunter gatherers who live in the lowland tropical forests of northeastern Peninsular Malaysia Over the past few decades as more and more of their forest home is degraded they are developing an acute sensitivity to what this means for them and for the broader world In fact they would like the world to know about their worries and their critiques of the causes of degradation *Changing Pathways* was inspired by that need Beyond a straightforward recounting of Batek environmental concerns this book examines the cosmological basis for those concerns the changing focus of the cosmology the stories and histories through which the Batek express their place in the world and suggests how environmental degradation might affect their knowledge perception and politics *Changing Pathways* is an invaluable resource not only for environmental anthropologists and hunter gatherer specialists but applied resource managers around the world *The Teleoscopic Polity* Tom D. Dillehay, 2014-01-30 This volume provides an up to date and in depth summary and analysis of the political practices of pre Columbian communities of the Araucanians or Mapuche of south central Chile and adjacent regions This synthesis draws upon the empirical record documented in original research as well as a critical examination of previous studies By applying both archaeological and ethnohistorical approaches the latter including ethnography this volume distinguishes itself from many other studies that explore South American archaeology Archaeological and traditional historical narratives of the pre European past are considered in their own terms and for the extent to which they can be integrated in order to provide a more rounded and realistic understanding than otherwise of the origins and courses of ecological economic social and political changes in south central Chile from late pre Hispanic times through the contact period and up to Chile s independence from Spain ca AD 1450 1810 Both the approach and the results are discussed in the light of similar situations elsewhere Throughout its treatment the volume continually comes back to two central questions 1 how did the varied practices institutions and worldviews of the Mapuche s ancient communities emerge as a historical process that resisted the Spanish empire for more than 250 years and 2 how were these communities reproduced and transformed in the face of ongoing culture contact and landscape change during the early Colonial period These questions are considered in light of contemporary theoretical concepts regarding practice landscape environment social organization materiality and community that will make the book relevant for students and scholars interested in similar processes elsewhere
