Architecture And The After Life:

Architecture and the After-life Howard Colvin, Emeritus Fellow St John's College Howard Colvin, 1991-01-01 The Pyramids and the Taj Mahal are witness to the extravagant architectural tributes that throughout human history the great and the wealthy have paid to their dead In this book a well known architectural historian provides a history of funerary architecture in western Europe from the earliest megalithic tombs of prehistory to the establishment of public cemeteries in the nineteenth century With sensitivity and wit Howard Colvin traces the ways in which these structures represent changing ideas about the after life as well as changes in architectural style

Architecture's Afterlife Michela Barosio, Dag Boutsen, Andrea Čeko, Haydée De Loof, Johan De Walsche, Santiago Gomes, Harriet Harriss, Roberta Marcaccio, Mia Roth-Čerina, Carla Sentieri, Neal Sashore, Federica Vannucchi, Hanne Van Reusel, 2024-05-16 Almost 40% of architecture graduates choose not to practise as architects Instead by leaving their chosen profession this surprisingly large but vastly overlooked cohort are making significant contributions to a wide range of other sectors from politics to videogame design demonstrating that architectural training can be a pathway to roles and even leadership opportunities across a variety of other professions *Architecture's Afterlife* is the first book to examine the sectors into which these graduates migrate and to identify the transferable skills that are learned but not always taught in their degree programmes and that prove most useful in their new careers The book a result of a three year pan European study funded by Erasmus provides a roadmap for increasing graduate employment addressing skills shortages across all sectors and adapting curricula to changing professional landscapes It is therefore essential reading for all those responsible for curriculum design and delivery in architecture and other disciplines including deans professors postgraduate researchers and policy makers as well as students and professionals seeking to expand their career prospects

Afterlife and Narrative in Contemporary Fiction Alice Bennett, 2012-07-06 *Afterlife and Narrative* explores why life after death is such a potent cultural concept today and why it is such an attractive prospect for modern fiction The book mines a rich vein of imagined afterlives from the temporal experiments of Martin Amis's *Time's Arrow* to narration from heaven in Alice Sebold's *The Lovely Bones*

Death and Afterlife in Medieval Christian Thought Jeremiah Mutie, 2025-07-29 *Death and Afterlife in Medieval Christian Thought* explores how medieval Christians conceived the changing ideas of death and what happens thereafter to both the material and immaterial aspects of a person Where much scholarship has addressed this topic from a Western point of view this book asks how these ideas emerged and progressed over this long period of time in both Western and Eastern medieval Christianities The work examines the two leading motifs of death and the afterlife in Western medieval Christian thought Purgatory and the cult of the saints It then proceeds to shift the spotlight to conceptions of death in Eastern Christianity all the while maintaining a comparative approach This book not only delves into the theoretical but draws on archaeological evidence such as artefacts to provide a broader view of the evidence Ultimately it finds that medieval Christians continued

the process that started in Christianity's earliest days of borrowing and modifying existing ideas of death and the afterlife in order to produce a distinctive and sophisticated Christian set of beliefs As an accessible introduction this book stands as a valuable resource to students scholars and all readers interested in early medieval Christianity the history of ideas and the history of death

A World History of Architecture Marian Moffett, Michael W. Fazio, Lawrence Wodehouse, 2003 The Roman architect and engineer Vitruvius declared *firmitas utilitas* and *venustas* firmness commodity and delight to be the three essential attributes of architecture These qualities are brilliantly explored in this book which uniquely comprises both a detailed survey of Western architecture including Pre Columbian America and an introduction to architecture from the Middle East India Russia China and Japan The text encourages readers to examine closely the pragmatic innovative and aesthetic attributes of buildings and to imagine how these would have been praised or criticized by contemporary observers Artistic economic environmental political social and technological contexts are discussed so as to determine the extent to which buildings met the needs of clients society at large and future generations

The Afterlife of the Shoah in Central and Eastern European Cultures Anna Artwinska, Anja Tippner, 2021-11-08 The Afterlife of the Shoah in Central and Eastern European Cultures is a collection of essays by literary scholars from Germany the US and Central Eastern Europe offering insight into the specific ways of representing the Shoah and its aftereffects as well as its

entanglement with other catastrophic events in the region Introducing the conceptual frame of postcatastrophe the collected essays explore the discursive and artistic space the Shoah occupies in the countries between Moscow and Berlin Postcatastrophe is informed by the knowledge of other concepts of post and shares their insight into forms of transmission and latency in contrast to them explores the after effects of extreme events on a collective aesthetic and political rather than a personal level The articles use the concept of postcatastrophe as a key to understanding the entangled and conflicted cultures of remembrance in postsocialist literatures and the arts dealing with events phenomena and developments that refuse to remain in the past and still continue to shape perceptions of today s societies in Eastern Europe As a contribution to memory studies as well as to literary criticism with a special focus on Shoah remembrance after socialism this book is of great interest to students and scholars of European history and those interested in historical memory more broadly

The Political Afterlife of Sites of Monumental Destruction Andrea Connor, 2017-06-14 What happens when a monumental thing is physically destroyed Is its life as a socially significant presencing thing at an end Or might the process of destruction work to enhance its symbolic force mediating work and presencing power In this book Andrea Connor traces the afterlife of two exemplary examples of monumental destruction and their re investment with cultural value and symbolic significance In 1993 during the Bosnian war the Mostar Bridge was completely destroyed Reconstructed in 2004 as an exact copy of the original this new Old Bridge has assumed an afterlife as an intentional monument to reconciliation The World Trade Centre in New York has also been transformed since its destruction in 2001 as a place of national mourning and remembrance a symbolic void marking a singular act of terrorism Using recent work on affect and object agency Connor considers their contested reconfiguration as sites of collective remembering and forgetting in new highly charged political contexts She argues for a more expansive notion of reconstruction encompassing not only the material and symbolic afterlife of both things but also their affecting afterlives as they are re assembled in the present Provoking a reconsideration of the way monuments and heritage sites even in their absence become powerful agents of historical narrativization this work will be of interest to students and scholars in a range of fields including international relations cultural studies critical heritage studies and material culture studies

The Afterlife of Gardens John Dixon Hunt, 2013-12-15 Most books on the history of gardens describe the way that gardens have been created by contrast The Afterlife of Gardens examines the way that gardens have been experienced Using examples from many sites around the world John Dixon Hunt examines responses to gardens from Renaissance sites to Baroque creations to modern motorway landscaping Examining how a garden has been experienced extends its history beyond the physical into cultural terms and the author describes how this afterlife of gardens as they are understood and experienced by many generations is often redesigned in visitors imaginative and cultural responses The author looks at many aspects of the subject including the enigmatic Hypnerotomachia Polifili of 1499 part fictional narrative and part scholarly treatise this fascinating early narrative of garden reception paves the way for an exploration of subsequent

landscapes and their reception in later periods He also looks at Italian Renaissance gardens the Picturesque the architectural and inscriptional elements of gardens the ways experiences of gardens have been recorded and the different kinds of movement within gardens from the strolling pedestrian to the motorway traveller who experiences landscapes at speed In this ambitious new book the author shows how the complete history of a garden must extend beyond the moment of its design and the aims of the designer to record its subsequent reception He raises questions about the preservation of historical sites and provides lessons for the contemporary designer who may perhaps be more attentive to the life of a work after its design and implementation This book will interest all who have a professional interest in gardens as well as the wide general audience for gardens and landscapes of past and present

The Afterlife of Holocaust Memory in Contemporary Literature and Culture R. Crownshaw, 2016-04-30 This bold intervention into the debate over the memory and post memory of the Holocaust both scrutinizes recent academic theories of post Holocaust trauma and provides a new reading of literary and architectural memory texts related to the Holocaust

The Afterlife of Discarded Objects Andrei Gureanu, Natalia Andrievskikh, 2018-12-18 The Afterlife of Discarded Objects Memory and Forgetting in a Culture of Waste As one of its driving principles The Afterlife of Discarded Objects Memory and Forgetting in a Culture of Waste analyzes the double reconstitution of discarded items In this afterlife discarded objects might transform from a worthless object into a plaything or a work of art and then to an artifact marking a specific historical time period This transformation is represented through various forms of recollection stories photographs collectibles heirlooms monuments and more Shaped by nostalgia and wishful thinking discarded objects represent what is wasted desired and aestheticized existing at the intersection of individual and collective consciousness While The Afterlife of Discarded Objects constitutes a version of revisionist historiography through its engagement with alternative anthropological artifacts its ambition stretches beyond that to

consider how seemingly immaterial phenomena such as memory and identity are embedded in and shaped by material networks including ephemera

Guruianu and Andrievskikh create a written visual and virtual playground where transnational narratives fuse into a discourse on the persistent materiality of ephemera especially when magnified through narrative and digital embodiment

The Afterlife of Discarded Objects is printed in full color and includes references an index and over seventy hi resolution color images

The Afterlife of Discarded Objects Memory and Forgetting in a Culture of Waste uses contemporary theory literature popular culture and personal narratives to investigate how we assign political socio cultural and aesthetic meaning to objects

The book is unique in applying personal narratives and testimonies of contributors from around the world to provide insights and critiques of Western attitudes toward these objects

The Afterlife of Discarded Objects provides transformative social commentary through scrutiny and stories of discarded found objects in Eastern Europe and in the West encouraging us to reflect more critically on our relationships with things

The stories and theories interwoven in Guruianu and Andrievskikh s book turn memory into matter and aspire to teach through their exploration

It s a lofty goal and the book succeeds

Sohui Lee *The Afterlife of Attention* Damian Murphy,2025-10-03

What happens when attention once a form of reverence care and presence is shattered by distraction speed and relentless noise in the digital age

The Afterlife of Attention explores how our inner lives have been transformed by the rise of algorithmic systems social media and unyielding demands for productivity

Drawing on ancient philosophy medieval contemplative traditions and modern cultural critique it traces the long history of attentional life from the sacred stillness of monastic silence to the fractured landscapes of screens and feeds

Part philosophy part cultural history and part spiritual enquiry this book is a meditation on what it means to see clearly think deeply and dwell meaningfully in a world that constantly pulls us away from ourselves

It uncovers how attention has shifted from wonder to capture and how despite this we might yet reclaim it as a form of resistance intimacy and care

Urgent and contemplative

The Afterlife of Attention asks not only what attention has become but what it might still be a way of seeing the world anew of standing apart from the algorithmic churn and of rediscovering the depth and quiet that make us human

Excavating the Afterlife Guolong Lai,2015-03-02

In Excavating the Afterlife Guolong Lai explores the dialectical relationship between sociopolitical change and mortuary religion from an archaeological perspective

By examining burial structure grave goods and religious documents unearthed from groups of well preserved tombs in southern China Lai shows that new attitudes toward the dead resulting from the trauma of violent political struggle and warfare permanently altered the early Chinese conceptions of this world and the afterlife

The book grounds the important changes in religious beliefs and ritual practices firmly in the sociopolitical transition from the Warring States ca 453 221 BCE to the early empires 3rd century 1st century BCE

A methodologically sophisticated synthesis of archaeological art historical and textual sources

Excavating the Afterlife will be of interest to art historians archaeologists and textual scholars of China as well as to students of comparative religions
