The College Administrator's Survival Guide C. K.

Gunsalus,2021-07-13 The book that every dean and department chair needs to survive and thrive in the twenty first century university First released in 2006 The College Administrator s Survival Guide has served as the bible for a generation of provosts deans department chairs and program directors Shrewd administrators have returned to the guide time and again for C K Gunsalus s advice on handling complaints negotiating disagreements and dealing with difficult personalities Now in this revised and updated edition Gunsalus guides rookie administrators and seasoned veterans through today s most pressing higher education challenges These days academic leaders must respond to heightened demands for transparency and openness These demands are intensified by social media which increases the visibility of university conflicts and can foster

widespread misinformation about campus affairs Meanwhile institutions have become flatter with administrators expected to work more closely with faculty students and a range of professionals even as support staffs shrink Between the ever replenishing inbox the integration of often exasperating management systems into every dimension of academic life and the new demands of remote learning deans and department heads are juggling more balls than ever before Tightening budgets have already forced administrators into more difficult choices and in the wake of COVID 19 there will be no relief from financial constraints From MeToo to partisan battles over curricula and funding college and university leaders need more savvy and greater sensitivity than ever What hasn't changed are the challenges of dealing with difficult people and the importance of creating and maintaining environments in which faculty staff and students have the support they need to do their best work The College Administrator's Survival Guide provides the tools to keep cool and get the job done

Discourses We Live By: Narratives of Educational and Social Endeavour Hazel R. Wright, Marianne Høyen, 2020-07-03

What are the influences that govern how people view their worlds What are the embedded values and practices that underpin the ways people think and act Discourses We Live By approaches these questions through narrative research in a process that uses words images activities or artefacts to ask people either individually or collectively within social groupings to examine discuss portray or otherwise make public their place in the world their sense of belonging to and identity within the physical and cultural space they inhabit This book is a rich and multifaceted collection of twenty eight chapters that use varied lenses to examine the discourses that shape people's lives The contributors are themselves from many backgrounds different academic disciplines within the humanities and social sciences diverse professional practices and a range of countries and cultures They represent a broad spectrum of age status and outlook and variously apply their research methods but share a common interest in people their lives thoughts and actions Gathering such eclectic experiences as those of student teachers in Kenya a released prisoner in Denmark academics in Colombia a group of migrants learning English and gambling addiction support workers in Italy alongside more mainstream educational themes the book presents a fascinating array of insights Discourses We Live By will be essential reading for adult educators and practitioners those involved with educational and professional practice narrative researchers and many sociologists It will appeal to all who want to know how narratives shape the way we live and the way we talk about our lives **Psychology for Teaching Assistants**

Christopher Arnold, Jane Yeomans, 2005 Teaching assistants need to have a particular understanding of how children's minds work and this book provides it It outlines the psychology of human development the psychology of learning and the psychology of institutions and groups emphasizing multiple perspectives and contextualizing the information in the current debates and practices of special education and inclusion In the sections on development and learning particular attention is devoted to language development the emotional impact of loss including discovering disability in a child the psychological effects of abuse cognitive curricula learning empowerment through independence The section on institutions and groups

looks particularly at processes in groups leadership models interpersonal communication violence aggression and bullying emancipatory psychology **Success Without College** Linda Lee,2001-11-28 If your child seems indecisive about college don't read the riot act read this landmark book instead College is not the only alternative A New York Times editor and concerned parent tells you why and helps you to find happy alternatives to starting college before your child is ready As an educated committed parent Linda Lee harbored the usual expectation of a prestigious college degree as the illustrious preface to a top flight career for her child Some fifty thousand dollars and several disastrous report cards later Lee recognized that her seemingly rational expectations were proving far fetched and that her son was simply not ready for college Moreover she was shocked to discover that his experience was not the exception but the rule only 26 percent of students receive a bachelor's degree within five years Why then are parents led to believe that their children must go to college immediately and that it is the right choice for everyone If not attending college worked for Bill Gates Harry S Truman Thomas Edison and William Faulkner why can't it work for your child and what are your alternatives Success Without College is a groundbreaking book that reveals the surprising facts of why many bright kids are not suited for college or at least not right after high school Lee's accessible knowledgeable style informs parents why this should be more a source of pride than shame by providing profiles of students and parents from around the country and their creative positive solutions to the college dilemma With a college education now costing an average of a hundred thousand dollars maybe it's time for American parents to reconsider Do you really need college to succeed The Adult Student's Guide to Survival & Success Al Siebert,Mary Karr,2008 Offers adults returning to college practical advice on how to survive the college experience find financial aid get their family's support create a portfolio write papers take tests improve communication skills and more A Freshman Survival Guide for College Students with Autism Spectrum Disorders Haley Moss,2014-06-21 Chatty honest and full of really useful information Haley Moss first hand account of the college experience covers everything students on the autism spectrum need to know as they begin their Freshman year She shares tips and advice on getting ready for college dorm life making friends and what to expect from classes professors and exams
