Conversations With Andrew Greeley:

Conversations with Andrew Greeley Andrew M. Greeley, Ronald D. Pasquariello, 1988 **No Abiding Place** Fred Herron, 2005-02-17 Thomas Merton played a critical role in facilitating and embodying a revolutionary paradigm shift in Catholic life and thought His public grappling with the issues raised by this shift in the life of the Catholic Church provided a vocabulary with which a generation of seekers has attempted to frame an on going discussion regarding the future of the Catholic Church Consequently Merton s life and thought continue to be guideposts for spiritual pilgrims confronting issues of authority in the church a changing moral landscape and the contemporary crisis in the Catholic Church Part One of the book describes this profound paradigm shift and locates Merton s developing thought within that landscape It places Merton s thought within the larger framework of the Catholic imagination as described by David Tracy Andrew Greeley and Thomas Groome The landmark research of Robert Wuthnow of Princeton University concerning the nature of contemporary spiritual seeking provides a framework that helps to identify Merton s continuing relevance for the study of spirituality Parts Two and Three discuss Merton s lasting importance for contemporary spirituality *A Theology of Conversation* Stephen Okey, 2018 Sometimes described as a theologian s theologian David Tracy s scholarship has impacted countless thinkers around the globe The complexity of his thought however has often made engaging his work into a daunting challenge Combining analysis of the most influential features of Tracy s theology theological method the religious classic public theology with a retrieval of his more overlooked interests Christology God Stephen Okey presents the essential themes of Tracy s career in accessible and insightful prose *Conversations with Scorsese* Richard Schickel, Martin Scorsese, 2013 With Richard Schickel as the canny and intelligent guide these conversations take us deep into Scorsese s life and work He reveals which films are most autobiographical and what he was trying to explore and accomplish in other films **Combing the Tradition** Fred Herron, 2007 This is a sketchbook of the twin realities of Catholic faith and Catholic schools A theological vision of the Catholic religious imagination provides the framework for viewing these realities from different angles Taking Pope Benedict XVI s remark that truth is in the Whole this book looks at Catholic faith and education from the rich perspective of the sacramental or Catholic imagination Historian John Tracy Ellis s conviction that this age will be known as the era of baptismal consciousness reflects a growing awareness in the entire Christian community that it must take its responsibilities in evangelization seriously Combing the Tradition is an attempt to comb the Catholic tradition from the point of view of this re emerging baptismal consciousness It marvels at the role that Catholic schools teachers parents and students play in recreating this great truth It finds God s loving hand at work in the lives of citizens seeking meaning at Ground Zero in the re emerging theology of the domestic church and in understanding the task of Catholic education It raises questions concerning the impact of consumer society on the lives of our young people and finds hope in schools which continue to shape the religious imaginations of the next generation of a community of disciples **Conversations with Robert Coles** Robert

Coles, 1992 Robert Coles is a psychiatrist with a novelist's sensibilities. Of course everything I come up with he says. Novelists have known beforehand. These twenty-three interviews selected from hundreds that Coles has given disclose not only an illustrious physician trained in pediatrics and psychoanalysis but also a sage whose compassion for children and suffering seems boundless. In focusing on a man known mainly as an eminent psychiatrist and author of *The Spiritual Life of Children* and more than fifty other books, this collection is a departure from the other books in the Literary Conversations Series. By no means is Coles best known as a writer of belles lettres as are other figures in this series. Yet his varied critical insights and the critical authority with which he approaches literary subjects have enriched American literature. Here, through the prism of his medical and literary training, Coles's conversations reveal his imposing moral vision. As he ranges with penetrating wisdom over many subjects—children, literature, teaching, psychiatry, family—he explores the cultural, social, and intellectual dimensions of our lives.

Tuning the Rig Fred Herron, 2012-07-10 To tune the rig describes adjusting a ship's rigging. The rig of a well-tuned boat allows the sails to function well. This task must be performed to ensure the best performance by the ship. *Tuning the Rig* takes that metaphor as a guide for Catholic educators and administrators as well as for the larger church. It argues from a variety of perspectives rooted in the Catholic imagination that the rig constantly needs to be re-tuned to balance between visions of the church as teacher and learner. Why should this matter to Catholic educators? To Herron, our understanding of the church as learner is at the heart of our understanding of ourselves as disciples. One of the logical consequences of this era of baptismal consciousness is a rising awareness on the part of the laity that their task is not simply to pray and obey but to grow and journey in faith. Herron's focus ranges from issues closely pertaining to Catholic schools to the larger questions of the Catholic imagination. The underlying thread, however, is the challenge of maintaining the richness of the Catholic imagination of tuning the rig in changing times and the ordinary life of the church.

The Catholic Imagination in American Literature Ross Labrie, 1997 A concluding chapter examines the significance of the corpus of Catholic American writing in the years 1940 to 1980, considering it parallel in substance to the body of Jewish American literature of the same period.

Catholic Lives, Contemporary America Thomas J. Ferraro, 1997 What does it mean to be or to have been raised Catholic in America today now that formally nonpracticing Catholics outnumber the memberships of any other single denomination? *Catholic Lives, Contemporary America* is a collection of informed and spirited essays focusing on Catholic lay practices not commonly recognized or at times officially sanctioned. For the formidable array of scholars and writers gathered here, being Catholic is not simply a matter of going to confession or attending Mass, and Catholicism's contributions to American cultural identity remain open to question. Edited and with an introduction by Thomas J. Ferraro, *Catholic Lives, Contemporary America* offers a banquet of essays and interviews at once subtle and accessible, treating American Catholic lives and legacies with compassion and flair. Contributors: Patrick Allitt, Paul Crowley, Thomas J. Ferraro, James T. Fisher, Paul Giles, Mary Gordon, Stanley Hauerwas, Frank Lentricchia, Robert A. Orsi, Camille Paglia, David Plante.
