Thomas Joseph White

Barth On The Descent Into Hell:

Barth on the Descent into Hell David Lauber, 2017-09-29 The Christian confession that Jesus Christ descended into hell has been variously misunderstood or simply neglected by the Church and dogmatic theology This work is a significant retort to dogmatic forgetfulness and ecclesial misunderstanding It succeeds in doing so by offering a close reading and critical analysis of Karl Barth's treatment of the descent into hell and its relation to his extraordinary theology of the atonement The reach of David Lauber's work is extended by placing Barth in conversation with Hans Urs von Balthasar's innovative theology of Holy Saturday In revealing and unexpected ways this book casts light upon the ecumenical breadth of Barth's theology It is a valuable interpretation of significant facets of Barth's doctrine of God reflection upon the passion of Jesus Christ and ethics In addition Lauber offers a constructive theological proposal for how the descent into hell affects the theological interpretation of Scripture the trinitarian being and activity of God and the non violent and authentic shape of Christian life and witness before our enemies

McKim, 2001-01-01 Compact yet comprehensive entries on theological terms as understood from a Reformed perspective are contained in this book With pieces written by esteemed Reformed scholars this book gives easy access to a wealth of theological information and summarizes the most significant aspects of Reformed theology

Lament-Driven Preaching Eliana Ah-Rum Ku, 2024-03-04 This book challenges Christian communities to engage in lament a mode of existence characterized by impassioned expression witnessing and personal or social protest in the face of evil and injustice reflecting a profound yearning for God's saving presence Divine lament responds to and expresses solidarity with human suffering unveiling multiple facets of God's image and demonstrating a profound sense of divine compassion Drawing on the Book of Lamentations Korean concepts related to suffering han and hanpuri the Paschal Triduum narratives and recent homiletic discourses on suffering the author investigates how complex issues related to grief and hope can be addressed in preaching without diminishing the harsh reality of affliction Designed to assist preachers this book encourages a more intentional approach to addressing suffering specifically by advocating for lament as a transitional space between affliction and hope Furthermore readers are invited to contemplate the significance of the church which within a world in decline embodies the body of Christ manifesting both the demise and resurrection of God

Christ Crucified in a Suffering World Nathan D. Hieb, 2013-09-01 What is the connection between Christian doctrine and concrete social action This question marks the often unarticulated divide between systematic theology and liberation theology each often emphasizing one primarily or formally over the other Examining the work of Karl Barth T F Torrance and Jon Sobrino here Nathan Hieb contests this bifurcation specifically around the nodal points of the crucifixion or the doctrine of atonement and the context of suffering This book is an innovative study that bridges the boundaries of method doctrine and praxis creating a strong theological and action oriented relationship between systematic and liberation theology

Karl Barth's Theology as a Resource for a Christian

Theology of Religions Sven Ensminger, 2014-08-28 This book uses Karl Barth's theology as a resource for Christian theology of religions. For this purpose it examines Barth's theology under the doctrinal aspects of revelation, revelation and religion, theological anthropology and election, addressing questions such as the possibility of and context for revelation. Barth's understanding of religion, the theological approach to the human being and soteriology. Furthermore, Barth's thought is put into conversation with other approaches in the field of theology of religions, notably Karl Rahner's inclusivism and John Hick and the pluralist paradigm. It is shown that Barth's theological system as a whole can serve as a resource for the Christian approach to and interaction with those of other faiths or no faith at all. This is achieved through maintaining a balance between the commitment to the own faith and the openness to the sovereignty of God impacting the whole of creation. Central to Barth's approach is the challenge to the Christian community to see their presuppositions challenged in the most unexpected circumstances while looking beyond human categories to affirm the dignity bestowed upon all of humanity through the divine Yes in the person Jesus Christ. Barth's theology with its starting point in the person of Jesus Christ is advocated as a framework for the members of the Christian community as they live alongside those with a different faith from their own.

A Theology of Grace in Six Controversies Edward T. Oakes, 2016 Few topics in theology are as complex and multifaceted as grace. Over the course of centuries many seemingly arbitrary distinctions and arcane debates have arisen around it. Edward Oakes however argues that all of these distinctions and debates are ultimately motivated by one central question: What are God's intentions for the world? In *A Theology of Grace in Six Controversies* Oakes examines issues relating to grace and points them back to that central question, illuminating and explaining what is really at stake in these debates. Maintaining that controversies clarify issues, especially those as convoluted as that of grace, Oakes works through six central debates on the topic, including sin and justification, evolution and original sin, and free will and predestination.

Toward a Pastoral Theology of Holy Saturday Adam D. Tietje, 2018-11-01 Veterans who experience the overwhelming trauma of war are often still stuck in the far country. In the aftermath many feel abandoned by God. Adam D. Tietje suggests that Holy Saturday, Christ's descent into hell, is the place where God fully identifies with our God abandonment. In light of the resurrection it can be seen that the complete hiddenness of God on Holy Saturday is in fact the fullness of revelation. God has chosen to be revealed precisely through the cross and the grave. The author takes a Chalcedonian approach to the problem of relating a theology of Holy Saturday to the psychology of trauma. Through the use of this method he suggests that pastoral caregivers might understand trauma and moral injury as soul wounds. Sanctuary, lament and confession and forgiveness and reconciliation are found to provide a direction for the care of such wounds.

Cross Theology Rosalene Bradbury, 2012-03-29 An astute and thought provoking analysis of the theologia crucis and the significance of Karl Barth as a modern exponent of this theological tradition In this volume New Zealand theologian Rosalene Bradbury argues convincingly that tethered to the tradition that gave rise to it the term theologia crucis references a theological system centered around notions of false and true glory and an ancient conviction that from the cross of Jesus Christ comes a revelatory and a saving Word

The Crucifixion Fleming Rutledge, 2017-02-09 Few treatments of the death of Jesus Christ have made a point of accounting for the gruesome degrading public manner of his death by crucifixion a mode of execution so loathsome that the ancient Romans

never spoke of it in polite society Rutledge probes all the various themes and motifs used by the New Testament evangelists and apostolic writers to explain the meaning of the cross of Christ She shows how each of the biblical themes contributes to the whole with the Christus Victor motif and the concept of substitution sharing pride of place along with Irenaeus's recapitulation model

Mapping Modern Theology Kelly M. Kapic, Bruce L. McCormack, 2012-04 A team of international scholars assesses the field of modern theology thematically covering classic topics in Christian theology over the last 200 years

Martin Luther and Buddhism Paul S. Chung, 2008-02-02 Martin Luther and Buddhism Aesthetics of Suffering carefully traces the historical and theological context of Luther's breakthrough in terms of articulating justification and justice in connection to the Word of God and divine suffering Chung critically and constructively engages in dialogue with Luther and with later interpreters of Luther such as Barth and Moltmann placing the Reformer in dialogue not only with Asian spirituality and religions but also with emerging global theology of religions

Death as Transformation Dr Henry L. Novello, 2013-06-28 A key tenet of Christian faith is that the crucifixion of Jesus Christ is a unique death by which the powers of death in the world have been conquered so that Christian life in the Spirit is marked by the promise and hope of new life already anticipated in the community of baptized believers Notwithstanding this basic tenet regarding the Christian life as a participation in the redemptive death of Jesus Christ theology in the past as well as much contemporary theology tends to assign no salvific significance to the event of our own death focusing instead on death in negative terms as the wages of sin This work is a significant retort to theological neglect both Catholic and Protestant of the positive and transformative aspect of our death when conceived as a dying into the redemptive death of Jesus Christ The development of Henry L. Novello's proposed theology of death takes place in conversation with the pre-eminent contemporary contributors to this field of theological inquiry By offering comprehensive critiques of Karl Rahner Hans Urs von Balthasar Karl Barth Eberhard Jüngel and Jürgen Moltmann Novello painstakingly pieces together a positive construal of death as salvific and transformative What is especially distinctive about Novello's work is that he develops the idea of death as a sharing in the admirable exchange of natures in the person of Jesus Christ from which emerges his theory of resurrection at death for all The reach of the work is extended by exploring some pastoral and liturgical implications of a theology of death conceived as the privileged moment for the actualization of God's grace in Jesus Christ and thus being created anew in the power of the Spirit

T&T Clark Companion to Atonement Adam J. Johnson, 2017-07-27 The T. T. Clark Companion to Atonement establishes a vision for the doctrine of the atonement as a unified yet extraordinarily rich event calling for the church's full appropriation Most edited volumes on this doctrine focus on one aspect of the work of Christ for example Girard Feminist thought Penal Substitution or divine violence The Companion is unique in that every essay seeks to both appropriate and stimulate the church's understanding of the manifold nature of Christ's death and resurrection The essays are divided into four main sections 1 dogmatic location 2 chapters on the Old and New Testaments 3 major theologians and 4 contemporary developments The

first set of essays explore the inter relationship between the atonement and other Christian doctrines for example Trinity Christology and Pneumatology opening up yet further avenues of inquiry Essays on key theologians eschew reductionism striving to bring out the nuances and breadth of the contribution The same is true of the biblical essays The final section explores more recent developments within the doctrine for example the work of Rene Girard and the ongoing reflection on Holy Saturday The book is comprised of 18 major essays and an A Z section containing shorter dictionary length entries on a much broader range of topics The result is a combination of in depth analysis and breadth of scope making this a benchmark work for further studies in the doctrine The Last Things David Höhne,2019-06-25 In this final Contours of Christian

Theology volume David H hne offers a trinitarian theological description of eschatology that is at once systematic generated from the theological interpretation of Scripture and yet sensitive to essential elements for Christian practice His reading of the Bible is shaped by the gospel informed by the history of Christian thought and dedicated to serving the church *The*

Place of Judas Iscariot in Christology Anthony Cane,2017-07-05 Exploring the significance of Judas Iscariot for Christian theology and the difficult issues surrounding Judas Anthony Cane shows that focusing on the tension between providential and tragic interpretations of Judas in the New Testament and in subsequent writing about Judas is the key to understanding his significance Building on the work of Karl Barth and Donald MacKinnon Cane s argument sheds light not simply on the

way Judas is understood but on the way Jesus and the whole economy of salvation are understood This book also highlights implications for the way in which issues relating to anti Semitism and evil and suffering are most effectively explored **"He**

Descended to the Dead" Matthew Y. Emerson,2019-12-24 The descent of Jesus Christ to the dead has been a fundamental tenet of the Christian faith as indicated by its inclusion in both the Apostles and Athanasian Creeds But it has also been the subject of suspicion and scrutiny especially from evangelicals Led by the mystery and wonder of Holy Saturday Matthew Emerson offers an exploration of the biblical historical theological and practical implications of the descent **The**

Incarnate Lord Thomas Joseph White,2015 The Incarnate Lord then considers central themes in Christology from a metaphysical perspective Particular attention is given to the hypostatic union the two natures of Christ the knowledge and obedience of Jesus the passion and death of Christ his descent into hell and resurrection A central concern of the book is to

argue for the perennial importance of ontological principles of Christology inherited from patristic and scholastic authors However the book also seeks to advance an interpretation of Thomistic Christology in a modern context The teaching Aquinas then is central to the study but it is placed in conversation with various modern theologians such as Karl Barth Karl Rahner and Hans Urs von Balthasar Ultimately the goal of the work is to suggest how traditional Catholic theology might

thrive under modern conditions and also develop fruitfully from engaging in contemporary controversies
