Peters, 2023-10-11 It is common

knowledge that the television series Game of Thrones and revenge go together well but whether Game of Thrones and feminism are compatible is debatable to say the least This book shows how the series female characters in particular utilise revenge to acquire autonomy fight objectification and pursue equality On the one hand they do so by mirroring the female characters of English Renaissance Revenge Tragedies On the other prevailing feminist ideas of the 21st century are also incorporated The resulting tension between models from the Renaissance and current feminist impulses allows for an interpretation of Game of Thrones as a contemporary feminist version of a Revenge Tragedy Thus this book discusses gender equality and representation problematising the heteronormative binary perspective so commonly given on the series As such the book is for everyone interested in popular culture and its influences and developments both fans and critics of the show feminists and those who aspire to educate themselves Transformed Communication Codes in the Mediated World: A

Crafting Contemporary Documentaries and Docuseries for Global Screens Phoebe Hart, 2024-01-08 This book explores the industrial and personal challenges faced by filmmakers in bringing the current worldwide craze for documentary films and series to screens small and large. Utilizing a number of case studies drawn from in-depth interviews with acclaimed documentary directors, producers, and screenwriters from around the world, Phoebe Hart offers a thematic analysis to reveal the risks and opportunities for practitioners. Hart examines these themes in the context of current scholarship to provide insight into the modes and methods of making factual screen content as she engages with the documentary form and the marking of it, acquisition of mastery and inspiration, and specific rituals and habits of practice. From the unique vantage point of being a practitioner that is being both a successful documentary filmmaker and a recognized screen researcher and teacher, Hart ultimately argues for greater support of filmmakers and pursuit of a deeper understanding of creative processes.
