Continuum Glossary Of Religious Terms:

Continuum Glossary of Religious Terms Ron Geaves, 2002-04-30 Continuum Glossary of Religious Terms provides a comprehensive glossary of terms from seven major religions Judaism Christianity Islam Hinduism Buddhism Jainism and Sikhism The religions have been chosen to reflect the main faiths that are studied both in school and at university in the English speaking world The glossary also contains the key specialist terminology used in the study of religion This is a useful and informative work that should help anyone studying religion up to graduate level but would also provide a fascinating pool of knowledge for anyone interested in religious practice or belief whether their reasons are to gain qualifications or merely personal pursuit of knowledge The author has written the glossary after noting the requests of students concerning their worries over the complexities of dealing with unfamiliar concepts in a range of unknown languages The glossary therefore provides an exhaustive exploration of religious terminology in a way that is accessible but also provides an in depth understanding of the religious tradition [A Thematic Access-Oriented Bibliography of Jesus's Resurrection](#) Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e.g. Christian Jewish Muslim etc. agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease [From Rapture to Revelation](#) Michelle Grace Lyster, 2006-08-01 Ever since the September 11 2001 attacks on the World Trade Center in New York City there has been a renewed interest in the area of Islamic fundamentalism Consequently the interest in Christian fundamentalism has shifted into the background as it had been a chief concern of a number of authors since the 1970s In 1993 the World Alliance of Reformed Churches WARC the Lutheran World Federation LWF and the Pontifical Council for Promoting Christian Unity PCPCU conducted a multilateral dialogue addressing the worldwide phenomena of Christian fundamentalism and they eventually published a report on their findings entitled Christian Fundamentalism Today The Papers and Findings of the WARC LWF PCPCU Consultation 22-26 February 1993 ed H S Wilson Geneva World Alliance of Reformed Churches 1994 While such writings serve to inform the

reader on the issue of Christian fundamentalism they offer no practical steps on how ecumenically minded Christians can more effectively address the spiritual and theological concerns of those who are seeking refuge from the fundamentalist worldview especially within the context of the United States This work will focus on the problem of how ecumenically minded Christians could more effectively address the spiritual and theological concerns of former fundamentalists in the United States especially when dealing with the difficult theological topics of biblical inerrancy and eschatology Since evangelicals closely resemble fundamentalists in doctrine and practice the author will approach this task by conducting a textual analysis of the documents that came out of some of the official bilateral dialogues between evangelical and non evangelical groups in hopes that the results of these documents will offer some clues as to how to improve relations between former fundamentalists and ecumenically minded Christians especially when it comes to dealing with the aforementioned theological issues

The Oxford Handbook of Religion and Education Liam Francis Gearon, Arniika Kuusisto, 2025-04-29 The Oxford Handbook of Religion and Education offers a multi disciplinary work of scholarship and research highlighting the global significance of a critical interface of cultural and social political and theological importance Drawing on historical perspective and contemporary reflection the collection provides a uniquely transformative analysis of why the interface of religion and education is of such critical significance With contributions from some of the leading thinkers in the field this Handbook presents a cumulatively powerful argument to reassess the complexities of the intersection of religion and education With ambitious and yet accessible intellectual engagements the Handbook here furthers a central thesis that the interface of religion and education is not merely a matter of arcane disputation about a domain of ancient origin or a rudimentary matter of formal educational process but a vibrant domain of critical contestation fundamental to knowing understanding and living in the modern world

Spiritual Identities Jo Carruthers, Andrew Tate, 2010 This collection of essays considers the return of the religious in contemporary literary studies In the twenty first century it is now possible to detect a new sacred turn in thought and writing For some writers this post secular identity plays itself out in both a recuperation of religious traditions Catholicism Puritanism Judaism and a re invention of the religious imaginary apophaticism messianism apocalypticism fundamentalism In literary studies the implications of the post secular are revitalizing critical engagement with canonical works and fuelling the reclaiming of neglected writings as questions of the construction of spiritual identities come once again to the fore
