Darkened Room:

The Darkened Room Alex Owen, 2004-04-15 A highly original study that examines the central role played by women as mediums healers and believers during the golden age of spiritualism in the late Victorian era The Darkened Room is more than a meditation on women mediums it is an exploration of the era's gender relations The hugely popular spiritualist movement which maintained that women were uniquely qualified to commune with spirits of the dead offered female mediums a new independence authority and potential to undermine conventional class and gender relations in the home and in society Using previously unexamined sources and an innovative approach Alex Owen invokes the Victorian world of darkened séance rooms theatrical apparitions and moving episodes of happiness lost and regained She charts the struggles between spiritualists and the medical and legal establishments over the issue of female mediumship and provides new insights into the gendered dynamics of Victorian society

From a Darkened Room Arthur Crew Inman, 1996 The diary became a many layered and strikingly animated work of a gifted writer by turns charming repellent shocking cruel and comical But the diary is also an uninhibited history of his times of his eccentricities and fantasies of his bizarre marriage arrangements and sexual adventures Inman's explorations of his own troubled nature made him excessively curious about the secret lives of others

Darkened Rooms of Summer Jared Carter, 2014-03-01 For nearly half a century Jared Carter has been quietly mapping the American heartland Line by line his poetry has shown us the landscape sounded the voices conjured the music and tested the silence of the ever changing and yet ever constant Midwest that figures so prominently in the American story And yet what we find in Carter's poetry is endlessly new Here in poems selected from his first five books is the summer long buzz of the cicada and the crack of the cue ball the young rebel on his big Harley and the YMCA secretary who backstrokes her way across the indoor pool Here too are thirty new poems in fixed form that illustrate Carter's continued quest for a poetry of universal interest Taken together these selections are truly poetry in the American grain

My Dark Room Julie Park, 2023-08-03 Examines spaces of inner life in eighteenth century England to shed new light on interiority in literature and visual and material culture In what kinds of spaces do we become most aware of the thoughts in our own heads In My Dark Room Julie Park explores places of solitude and enclosure that gave eighteenth century subjects closer access to their inner worlds grottos writing closets landscape follies and the camera obscura that beguiling dark room inside which the outside world in all its motion and color is projected The camera obscura and its dreamlike projections within it served as a paradigm for the everyday spaces whether in built environments or in imaginative writing that generated the fleeting states of interiority eighteenth century subjects were compelled to experience and inhabit My Dark Room illuminates the spatial and physical dimensions of inner life in the long eighteenth century by synthesizing material analyses of diverse media from optical devices and landscape architecture to women's intimate dress with close readings of literary texts not traditionally considered together among them Andrew Marvell's country house poem Upon Appleton House

Margaret Cavendish's experimental epistolary work *Sociable Letters*, Alexander Pope's heroic verse epistle *Eloisa to Abelard*, and Samuel Richardson's novel *Pamela* also analyze letters and diaries, architectural plans, prints, drawings, paintings, and more, drawing our attention to the lively interactions between spaces and psyches in private environments. Park's innovative method of spatial formalism reveals how physical settings enable psychic interiors to achieve vitality in lives both real and imagined.

The American Amateur Photographer and Camera and Dark Room, 1907 *The American Amateur Photographer and Camera & Dark-room*, 1907 *A Dark Room in Glitter Ball City*, David Dominé, 2021-10-05

This true crime saga with an eccentric Southern backdrop introduces the reader to the story of a murder in a crumbling Louisville mansion and the decades of secrets and corruption that live within the old house's walls. On June 18, 2010, police discover a body buried in the wine cellar of a Victorian mansion in Old Louisville. James Carroll, shot and stabbed the year before, has lain for 7 months in a plastic storage bin, his temporary coffin. Homeowner Jeffrey Mundt and his boyfriend Joseph Banis point the finger at each other in what locals dub The Pink Triangle Murder. On the surface, this killing appears to be a crime of passion, a sordid love tryst gone wrong in a creepy old house. But as author David Dominé sits in on the trials, a deeper story emerges: the struggle between hope for a better future on the one hand and the privilege and power of the status quo on the other. As the court testimony devolves into heated contradictions, David draws on the confidences of neighbors, drag queens, and other acquaintances within the city's vibrant LGBTQ community to piece together the details of the case. While uncovering the many past lives of the mansion itself, he enters a murky underworld of gossip, neighborhood scandal, and intrigue.

How to Find a Black Cat in a Dark Room, Jacob Burak, 2017-10-17

An inquiry into what it is about our experiences and cultures that brings out the differences and reveals the similarities in us as human beings, in the vein of Malcolm Gladwell and Daniel Kahneman, Jacob Burak is on a quest to answer the question: are we as human beings who are separated by different cultures and experiences similar or different? Through the lens of behavioural studies, we see how, while our approaches differ and often conflict, we all strive for similar things: love, acceptance, power, and understanding. *How to Find a Black Cat in a Dark Room* offers the latest scientific studies of human behaviour alongside accessible anecdotes to examine the universal human experiences of comparing ourselves to others, the need to belong, the urge to achieve, and the anxiety and uncertainty of life itself. More importantly, Burak shows us how, in understanding these behavioural patterns, we learn that we are actually more alike than we are different; that our rivals often make us stronger; and that being trusting can help us live longer. With his inquisitive nature, logical thinking, and engaging style, Burak examines whether it is destiny or personality that controls our lives through intriguing subjects such as: What are the ten rules for happiness that are entirely under our control? Why do smart people make stupid mistakes? What distinguishes bureaucrats and entrepreneurs? What are the psychological differences between liberals and conservatives? In what circumstances is it right to surrender our privacy? Does it pay to trust people?

book will solve the mystery revealing for the first time how he was set up who did it and why What follows is not a philosophical tract but something closer to a novel made all the more compelling because it s true This is a real life whodunit intertwined with a long running war rivalry sex addiction betrayal sedition starvation and epic bravery Socrates was the most rational of men living in the most irrational of times There is another side to this story impiety lack of reverence for the gods was a religious crime From the perspective of the religious authorities of the time the charge of impiety against Socrates was warranted his trial just and the penalty appropriate The priests did not tolerate scrutiny even in the form of philosophical critique To understand what happened and how it happened we have to come to terms with the motives of the priests and as importantly Socrates motives in provoking them His trial is perhaps first but not last great battle between philosophy and religion The repercussions of this ancient epic apply equally to the West today as Athens also endured pendulum swings between democracy and oligarchy always with bloodshed and never with Socrates s approval
