Painting and Sculpture in Europe 1780-1880 Fritz Novotny, 1995-01-01 From the Classicism of Jacques Louis David to the Realism of Courbet and the Early Impressionism of Renoir this book outlines the course taken by painting and sculpture in Europe during the 19th century Faced with the untidy sprawl of individualism which followed the French Revolution and threw up isolated geniuses like Goya the author nevertheless charts the currents in what was predominantly a century of Naturalism and also whilst artists were increasingly preoccupied with the inner man of great landscape painting when Friedrich Corot and the Impressionists proper added light and atmosphere to the former achievements of the great Dutch masters

Deutsche Orientalmalerei in der zweiten Hälfte des 19. Jahrhunderts Karin Rhein, 2003 **Kunstpolitik der Berliner Museen 1919-1959** Timo Saalman, 2014-09-23 Die weltberhmten Sammlungen der Staatlichen Museen zu Berlin verbinden Kunst und Politik in ganz besonderer Weise Wie Museumsleute vom sp ten Kaiserreich ber die Weimarer Republik und das Dritte Reich hinweg bis zur Nachkriegszeit als politische Akteure auftraten zeigt diese Studie Timo Saalman stellt damit nicht nur heraus wie gesellschaftlich bedeutsam die Museumsinsel im Diskurs um das nationale Eigentum in allen politischen Systemen war sondern sch rft auch den Blick f r die kulturpolitischen Aufgaben die w hrend des Kalten Kriegs der Stiftung Preu ischer Kulturbesitz zukamen

Max Liebermann and International Modernism Marion Deshmukh, Françoise Forster-Hahn, Barbara Gaehtgens, 2011-05 Although Max Liebermann 1847 1935 began his career as a realist painter depicting scenes of rural labor Dutch village life and the countryside by the turn of the century his paintings had evolved into colorful images of bourgeois life and leisure that

critics associated with French impressionism During a time of increasing German nationalism his paintings and cultural politics sparked numerous aesthetic and political controversies His eminent career and his reputation intersected with the dramatic and violent events of modern German history from the Empire to the Third Reich The Nazis persecution of modern and Jewish artists led to the obliteration of Liebermann from the narratives of modern art but this volume contributes to the recent wave of scholarly literature that works to recover his role and his oeuvre from an international perspective

The Erotics of War in German Romanticism Patricia Anne Simpson, 2006 In *The Erotics of War in German Romanticism* Patricia Anne Simpson explores the ways early nineteenth century German philosophers poets and artists represent war and erotic desire The author argues that gender is connected to a larger debate about the construction of the self in relation to a community at a time that this definition is under revision She analyzes the culture of war as it shapes the bonds of fraternal familial and eventually national identity Simpson defines the erotics of war as discursive attempts to assert the priority of ethical identity and citizenship over individualized desire The seemingly ancillary problem of female desire emerges not as a marginal issue but as the focal point of a debate about identity

The Trial of Gustav Graef Barnet Hartston, 2017-11-15 Although largely forgotten now the 1885 trial of German artist Gustav Graef was a seminal event for those who observed it Graef a celebrated sixty four year old portraitist was accused of perjury and sexual impropriety with underage models On trial alongside him was one of his former models the twenty one year old Bertha Rother who quickly became a central figure in the affair As the case was being heard images of Rother including photographic reproductions of Graef s nude paintings of her began to flood the art shops and bookstores of Berlin and spread across Europe Spurred by this trade in images and by sensational coverage in the press this former prostitute was transformed into an international sex symbol and a target of both public lust and scorn Passionate discussions of the case echoed in the press for months and the episode lasted in public memory for far longer The Graef trial however was much more than a salacious story that served as public entertainment The case inspired fierce political debates long after a verdict was delivered including disputes about obscenity laws the moral degeneracy of modern art and artists the alleged pernicious effects of Jewish influence legal restrictions on prostitution the causes of urban criminality the impact of sensationalized press coverage and the requirements of bourgeois masculine honor Above all the case unleashed withering public criticism of a criminal justice system that many Germans agreed had become entirely dysfunctional The story of the Graef trial offers a unique perspective on a German Empire that was at the height of its power yet riven with deep political

social and cultural divisions This compelling study will appeal to historians and students of modern German and European history as well as those interested in obscenity law and class and gender relations in nineteenth century Europe
