Miller, 2017-09-11 Although their role is often neglected in standard historical narratives of the Reformation the Ottoman Turks were an important concern of many leading thinkers in early modern Germany including Martin Luther In the minds of many the Turks formed a fearsome crescent shaped horizon that threatened to break through and overwhelm Based on an analysis of more than 300 pamphlets and other publications across all genres and including both popular and scholarly writings this book is the most extensive treatment in English on views of
