Vaudeville old & new Frank Cullen, Florence Hackman, Donald McNeilly, 2007 *Failure, Fascism, and Teachers in American Theatre* James F. Wilson, 2023-10-24 This timely and accessible book explores the shifting representations of schoolteachers and professors in plays and performances primarily from the twentieth and twenty first centuries in the United States Examining various historical and recurring types such as spinsters schoolmarm's presumed sexual deviants radicals and communists fascists and emasculated men teachers Wilson shines the spotlight on both well known and nearly forgotten plays The analysis draws on a range of scholars from cultural and gender studies queer theory and critical race discourses to consider teacher characters within notable education movements and periods of political upheaval Richly illustrated the book will appeal to theatre scholars and general readers as it delves into plays and performances that reflect cultural fears desires and fetishistic fantasies associated with educators In the process the scrutiny on the array of characters may help illuminate current attacks on real life teachers while providing meaningful opportunities for intervention in the ongoing education wars
