The Theatre of August Wilson Alan Nadel, 2018-05-17 The first comprehensive study of August Wilson's drama introduces the major themes and motifs that unite Wilson's ten play cycle about African American life in each decade of the twentieth century. Framed by Wilson's life experiences and informed by his extensive interviews, this book provides fresh, coherent, detailed readings of each play, well situated in the extant scholarship. It also provides an overview of the cycle as a whole, demonstrating how it comprises a compelling interrogation of American culture and historiography. Keenly aware of the musical paradigms informing Wilson's dramatic technique, Nadel shows how jazz and particularly the blues provide the structural mechanisms that allow Wilson to examine alternative notions of time, property, and law. Wilson's improvisational logics become crucial to expressing his notions of black identity and resituating the relationship of literal to figurative in the African American community. The final two chapters include contributions by scholars Harry J. Elam Jr. and Donald E. Pease.

Great North American Stage Directors Volume 3 Harvey Young, 2024-01-25 This volume chronicles the lives and artistry of Elia Kazan, Jerome Robbins, and Lloyd Richards. Their commitment to staging new works, which often focused on the experiences of immigrant and working-class families, significantly expanded the scope and possibilities of American theatre across the 20th century. It illuminates too their collaborations with a range of innovative theatre artists, including Lee Strasberg, Clifford Odets, Marlon Brando, Arthur Miller, Tennessee Williams, Lorraine Hansberry, Leonard Bernstein, Stephen Sondheim, and August Wilson. The Great North American Stage Directors series provides an authoritative account of the art of directing in North America by examining the work of twenty-four major practitioners from the late 19th century to the present. Each of the eight volumes examines three directors and offers an overview of their practices, theoretical ideas, and contributions to modern theatre. The studies chart the life and work of each director, placing his or her achievement in the context of other important theatre practitioners and broader social history. Written by a team of leading experts, the series presents the genealogy of directing in North America while simultaneously chronicling crucial trends and championing contemporary interpretation.

The Director as Collaborator Robert Knopf, 2017-04-07 The Director as Collaborator teaches essential directing skills while emphasizing how directors and theater productions benefit from collaboration. Good collaboration occurs when the director shares responsibility for the artistic creation with the entire production team, including actors, designers, stage managers, and technical staff. Leadership does not preclude collaboration in theater; these concepts can and should be complementary. Students will develop their abilities by directing short scenes and plays and by participating in group exercises. New to the second edition: updated interviews, exercises, forms, and appendices; new chapter on technology, including digital research, previsualization, and drafting programs and web-sharing sites; new chapter on devised and ensemble-based works; new chapter on immersive theater, including material and exercises on environmental staging and audience-performer interaction.
