Fall from Grace : the Untold Story of Michael Milken Alan M. Dershowitz,1992 *Fall from Grace* Fenton Bailey,1992

One of the most reviled figures in recent history megamillionaire financier Michael Milken created a 200 billion bond market before a jail sentence cashed in his chips for 10 years But was Milken a media scapegoat exploited and crucified by people more ruthless and savvy at the publicity game than he Former Drexel Burnham employee Fenton Bailey provides a side of the spectacular Milken story that has rarely been heard Photographs **Encyclopedia of White-Collar and Corporate Crime**

Lawrence M. Salinger,2013-06-14 Since the first edition of the Encyclopedia of White Collar and Corporate Crime was produced in 2004 the number and severity of these crimes have risen to the level of calamity so much so that many experts attribute the near Depression of 2008 to white collar malfeasance namely crimes of greed and excess by bankers and financial institutions Whether the perpetrators were prosecuted or not white collar and corporate crime came near to collapsing the U S economy In the 7 years since the first edition was produced we have also seen the largest Ponzi scheme in history Maddoff an ecological disaster caused by British Petroleum and its subcontractors Gulf Oil Spill and U S Defense Department contractors operating like vigilantes in Iraq Blackwater White collar criminals have been busy and the Second Edition of this encyclopedia captures what has been going on in the news and behind the scenes with new articles and updates to past articles **The Tyranny of Good Intentions** Paul Craig Roberts, Lawrence M. Stratton,2008-03-25 A

thousand years of legal protections against tyranny are being stolen right before our eyes Under the guise of good intentions personal liberties as old as the Magna Carta have become casualties in the wars being waged on pollution drugs white collar crime and all of the other real and imagined social ills The result innocent people caught up in a bureaucratic web that destroys lives and livelihoods businesses shuttered because of victimless infractions a justice system that values coerced pleas over the search for truth bullying police agencies empowered to confiscate property without due process A devastating indictment of our current system of justice Milton Friedman In this provocative book Paul Craig Roberts and Lawrence M Stratton show how the law which once shielded us from the government has now become a powerful weapon in the hands of overzealous prosecutors and bureaucrats Lost is the foundation upon which our freedom rest the intricate framework of Constitutional limits that protect our property our liberty and our lives Roberts and Stratton convincingly argue that this abuse of government power doesn't have ideological boundaries Indeed conservatives and liberals alike use prosecutors regulators and courts to chase after their own favorite devils to seek punishment over justice and expediency over freedom The authors present harrowing accounts of people both rich and poor of CEOs and blue collar workers who have fallen victim to the tyranny of good intentions who have lost possessions careers loved ones and sometimes even their lives This book is a sobering wake up call to reclaim that which is rightly ours liberty protected by the rule of law *Cause Lawyering* Austin Sarat, Stuart Scheingold,1998-01-08 Why do some lawyers devote themselves to a given social movement or political cause

How are such deeds of individual commitment and personal belief justly executed given the ideals of disinterested professional service to which lawyers are in theory at least supposed to adhere What can we learn from such lawyers about the relationship between law and politics Cause Lawyering is a wise and varied collection of responses to these questions featuring a number of distinguished legal scholars concerned with anti poverty lawyers lawyers who work against capital punishment immigration lawyers and other lawyers working to end oppression Editors Austin Sarat and Stuart Scheingold have assembled here a valuable cross national portrait of lawyers compelled to sacrifice financial gain so as to use their legal skills in the promotion of a more just society These telling and important essays fully explore the relationship between cause lawyering and the organized legal professions of many different countries the US England South Africa Israel Cuba and so forth They describe the utility of law as a resource in political struggles and conversely highlight the constraints under which lawyers necessarily operate when they turn to politics Some provide broad theoretical overviews others present rich case studies Advancing a fundamental argument about the very nature of the legal profession this book explains the strategies that cause lawyers deploy as well as the challenges they face in trying to be legally astute and effective while remaining politically devoted and aware Although it is a controversial way of practicing law cause lawyering as explicated in the essays in this volume is indeed indispensable to the legitimization of professional authority *The New Encyclopedia of American Scandal* George C. Kohn, 2001 Covering people and events from the 1630s to the present day this reference offers 455 entries on such topics as dirty politics white collar scams botched cover ups tawdry love affairs and despicable acts of corruption
