Firm The Troubled Life Of The House Of Windsor:

The Firm Penny Junor, 2005-07-11 Presents a candid look at the members of the British royal family focusing on the years following the death of Princess Diana to the present day *The Palace* Gareth Russell, 2023-12-05 A riotously readable tender and affectionate Daily Mail London exploration of five hundred years of British history from King Henry VIII to Queen Elizabeth II as seen through the doorways of the exquisite Hampton Court Palace Architecturally breathtaking and rich in splendid art and décor Hampton Court Palace has been the stage of some of the most important events in British history such as the commissioning of King James's version of the Bible the staging of many of Shakespeare's plays and Queen Elizabeth II's coronation ball *The Palace* takes us on an entertaining journey into the past Kirkus Reviews as it reveals the ups and downs of royal history and illustrates what was at play politically socially and economically at the time An engaging and charming history book that is perfect for fans of Alison Weir Philippa Gregory and Andrew Lownie *The Palace* makes you feel as if you were in the room as history was made *The Diana Chronicles* Tina Brown, 2007-06-12 1 NEW YORK TIMES BESTSELLER Years after her death Princess Diana remains a mystery This insanely readable and improbably profound biography Chicago Tribune reveals the truth as only famed journalist Tina Brown could tell it The best book on Diana The New Yorker Was she the people's princess who electrified the world with her beauty and humanitarian missions Or was she manipulative and media savvy and nearly brought down the monarchy Tina Brown former Editor in Chief of Tatler England's glossiest gossip magazine Vanity Fair and The New Yorker gives us the answers Tina knew Diana personally and has far reaching insight into the royals and the Queen herself In *The Diana Chronicles* you will meet a formidable female cast and understand as never before the society that shaped them Diana's sexually charged mother her scheming grandmother the stepmother she hated but finally came to terms with and bad girl Fergie her sister in law who concealed wounds of her own Most formidable of them all was her mother in law the Queen whose admiration Diana sought till the day she died Add Camilla Parker Bowles the ultimate other woman into this combustible mix and it's no wonder that Diana broke out of her royal cage into celebrity culture where she found her own power and used it to devastating effect **Running the Family Firm** Laura Clancy, 2021-09-28 In recent decades the global wealth of the rich has soared to leave huge chasms of wealth inequality This book argues that we cannot talk about inequalities in Britain today without talking about the monarchy *Running the Family Firm* explores the postwar British monarchy in order to understand its economic political social and cultural functions Although the monarchy is usually positioned as a backward looking archaic institution and an irrelevant anachronism to corporate forms of wealth and power the relationship between monarchy and capitalism is as old as capitalism itself This book frames the monarchy as the gold standard corporation *The Firm* Using a set of case studies the Queen Prince Charles Prince Harry Kate Middleton and Meghan Markle it contends that *The Firm*'s power is disguised through careful stage management of media representations of the royal family In so doing it extends conventional understandings of what

monarchy is and why it matters **The Royal Family vs 'The Crown'** Catherine Curzon,2025-03-30 Uncover the truth behind Netflix's The Crown with this guide separating royal fact from dramatic fiction For six seasons royal watchers across the globe have been hooked on Netflix's smash hit factual drama The Crown Over sixty episodes multiple casts and headline grabbing storylines The Crown has promised to throw open the closed doors of Britain's palaces to reveal the deepest secrets of the House of Windsor From the last days of George VI to the accession of Queen Elizabeth II and into the twenty first century it has told the story of the monarchy in an ever changing and turbulent world The Royal Family vs The Crown turns the spotlight on the glittering Netflix series and lays bare what's fact and what is very definitely fiction Season by season episode by episode The Royal Family vs The Crown digs deep into history to examine the plots the trivia and the characters who have stepped out of the throne room and into the living room telling the real stories behind the drama that has thrilled and scandalised audiences worldwide From the abdication of a king to Princess Diana's infamous Panorama interview the marriage of Charles and Camilla and everything in between this is your indispensable guide to the true stories behind the streaming phenomenon **Queen Elizabeth II's Guide to Life** Karen Dolby,2019-10-17 Discover how you too could put into practice some of Her Majesty's traits to help overcome adversity find inner strength and present yourself with composure even when all about you seems in chaos Kings and Their Sons in Early Modern Europe Mark Konnert,2018-12-01 Some of history's greatest dramas have unfolded in the stories of kings and their sons in early modern Europe and their conflicts presaged in some ways today's tensions in family run businesses In several notorious cases the kings despised their sons to the point of committing murder thus killing their own heirs Prof Konnert shows that these tragic dramas actually represent an extreme of the normal state of affairs rather than unusual occurrences They are different in degree not kind This book is the first to look at these episodes in a systematic and comparative fashion The stories are moving in themselves but viewed in their historical context they illuminate aspects of a past society which has faded from view in the 21st century Two of the most famous episodes those of Frederick the Great of Prussia and his father and of Peter the Great of Russia and his son are examined here as well as three less well known cases These episodes are put into historical context and the family dynamics of these royal dynasties are discussed showing not only how they differed from those of today but also from those of their more common contemporaries These tensions are also compared to those that have emerged in family run businesses where conflicts between fathers and sons are also very common Furthermore when the interests of the dynastic enterprise whether political or corporate take precedence over family life and personal happiness marriage practices can produce particularly toxic relations The cases examined here are unusual only in the degree of hostility rather than in its existence Mountbatten Adrian Smith,2010-04-30 Was he a far sighted war hero or an ambitious networker promoted well above his natural talent Admired as a modernising chief of staff a timely decoloniser and a genuine player on the world stage Mountbatten nevertheless continues to attract fierce criticism In this timely new

biography Adrian Smith offers a fresh and convincing perspective depicting Mountbatten as a quintessentially modern highly professional figure within the Royal Navy and at Combined Operations and SE Asia Command a hands on officer who enthusiastically embraced new technology someone who although an aristocrat was by instinct a progressive innovative in his approach to man management Smith brings Mountbatten to life acknowledging the essential qualities as well as the obvious weaknesses Beneath the rich vain often ruthless embodiment of power and privilege could be found a very human even vulnerable character the complex personality of a pivotal figure in the history of twentieth century Britain and her empire

Prince William

Penny Junor,2021-11-15 The first definitive in depth portrait of the man who will be king of England and the story of his relationship with the woman who will be his queen His face is recognized the world over his story is well known But what is Prince William really like As Diana s eldest son he was her confidant While the tabloids eagerly lapped up the lurid details of his parents divorce William lived painfully through it suffering the embarrassment the humiliation and divided loyalties He watched his father denounced on prime time television he met the lovers And when he was just fifteen his beautiful loving mother was suddenly shocking snatched from his life forever The nation lost its princess and its grief threatened the very future of the monarchy What was almost forgotten in the clamor was that two small boys had lost their mother His childhood was a recipe for disaster yet as he approaches his thirtieth birthday William is as well balanced and sane a man as you could ever hope to meet He has an utter determination to do the right thing and to serve his country as his grandmother has so successfully done for the last sixty years Who stopped him from going off the rails turning his back on his duty and wanting nothing to do with the press the people he blamed for his mother s death Where did the qualities that have so entranced the world and his new bride Catherine come from In the last thirty years Penny Junor has written extensively about his parents and the extended family into which he was born With the trust built up over that time she has been able to get closer to the answers than ever before
