The Magic of Cats Andrew Anderson, 2023-04-28 Discover the Cat of the Night and the Cat of the Day. Over the centuries, the relationship between cats and humans has been one of profound change, of both darkness and light. In Ancient Egypt, we worshipped them as the physical embodiment of a goddess. In Medieval Europe, we tortured and punished them for being the familiars of witches. In the twenty-first century, we are obsessed with filming and posting their antics on social media. And while we may think of them as our pets, that doesn't mean that we are in charge. Far from it. Cats know exactly how to get their humans to follow their orders. They have been an ongoing source of intrigue and mystery throughout human history. They are the stuff of myth and legend as well as being our best friends. They sit

The Cinema of Paul Thomas Anderson Ethan Warren, 2023-04-25 Paul Thomas Anderson's evolution from a brash self-anointed Indiewood auteur to one of his generation's most distinctive voices has been one of the most remarkable career trajectories in recent film history From early efforts to emulate his cinematic heroes to his increasingly singular late films Anderson has created a body of work that balances the familiar and the strange history and myth viewers feel perpetually off
