Ferenc Morton Szasz: A Celebration and Selected Writings Mark T. Banker, 2018-09-17 Ferenc Morton Szasz was a lifelong student who became a professor of history at the University of New Mexico As a one year appointment at the Albuquerque campus evolved into a forty year career Szasz glimpsed the predictable unpredictability that he would eventually discern as one of history's most enduring and elusive traits The connections and consequences along the way forged a truly exceptional life and career A master of the United States history survey Szasz enthralled and inspired tens of thousands of students with energy enthusiasm provocative insights and good will Ambitious undergraduates regularly vied with graduate students for coveted seats in his upper level courses where he offered insights into World War II American religious history and popular culture Szasz's interests he insisted were the ideas of the people and how they shift over time In an era when historical scholarship became increasingly specialized he pursued an eclectic array of research interests and challenged his doctoral students to do the same The ten selections of Szasz's writings that are the primary content of this volume balance insights into history's great moments with attention to events and details often overlooked by more conventional historians Szasz's crisp accessible prose reveals both the unique and universal in the human experience and offers heartfelt glimpses into humanity's paradoxical promises and perils Back cover

Atomic Comics Ferenc Morton Szasz, 2012-06-01 The advent of the Atomic Age challenged purveyors of popular culture to explain to the general public the complex scientific and social issues of atomic power Atomic Comics examines how comic books comic strips and other cartoon media represented the Atomic Age from the early 1920s to the present Through the

exploits of superhero figures such as Atomic Man and Spiderman as well as an array of nuclear adversaries and atomic themed adventures the public acquired a new scientific vocabulary and discovered the major controversies surrounding nuclear science Ferenc Morton Szasz's thoughtful analysis of the themes content and imagery of scores of comics that appeared largely in the United States and Japan offers a fascinating perspective on the way popular culture shaped American comprehension of the fissioned atom for more than three generations *The Journey of My Father's Son* Jerry L.

Jacobs,2014-02-24 This book is a synopsis of my life with the intention of showing how God intervened in my life and how I reacted to circumstances He created for me for the benefit of others It is a book of brokenness and healing It is a book about how He took away all my crutches and left me with nothing to cling to but Himself It is about my life in the worst of personal situations where my life ended at Clingmans Dome and how I was reborn with an injection of hope from Him in the same instant It is about Gods preservation of my life for His purpose It is about the joy found around the dining table about the disintegration of my family and about how God put it back together the way He saw fit My life started at the edge of a cotton field in the middle of World War II with a life threatening disease attacking me before I reached one year of age It is about my total lack of social skills and how God prepared me for higher education in preparation for speaking in front of a thousand people My life was a battleground with Satans attempt to destroy me and God who intervened at the last second Being His child assures me that nothing can happen to me without Gods approval and I have shared those events in this book It is a book of spiritual warfare with God as the victor and me as the prize **Temptation and atonement, and other tales**
