Becoming Buddha Renuka Singh, 2011 *Becoming Buddha* compiles the invaluable teachings of contemporary Buddhist teachers who have sought to illuminate the ways of the Buddha in a manner that is comprehensible to a wide audience. These lectures comprise easy to follow dialogues with anecdotes from the Buddha's own life as well as the lives of ordinary people to explain how everyone can attain Buddhahood. The message underlying these teachings is that becoming Buddha is not an unattainable ideal. Each person can be a Buddha by becoming the perfect spiritual practitioner, one who wants enlightenment for all fellow creatures. This is not achieved simply through prayers or offerings but through the practical application of Buddha's wisdom to our own lives. The book reaffirms the significance of taking responsibility for our actions and instructs us to cherish all sentient beings in this life. The friendly, empathetic tone puts the reader at ease, reducing the distance between teacher and disciple. *Becoming Buddha* includes a previously unrecorded lecture by the Dalai Lama, rare photographs of the other educators who speak through this book, and an article by eminent Buddhist scholar Professor Robert Thurman which locates enlightenment in a socio-historical context, establishing that it is not merely a spiritual desire but an essential tool for survival today.

Tibetan Rituals of Death

Margaret Gouin, 2012-09-10 This book describes and analyses the structure and performance of Tibetan Buddhist death rituals and situates that performance within the wider context of Buddhist death practices generally Drawing on a detailed and systematic comparative survey of existing records of Tibetan funerary practices including historical travel accounts anthropological and ethnographic literature Tibetan texts and academic studies it demonstrates that there is no standard form of funeral in Tibetan Buddhism although certain elements are common The structure of the book follows the twin trajectories of benefiting the deceased and protecting survivors in the process it reveals a rich and complex panoply of activities some handled by religious professionals and others by lay persons This information is examined to identify similarities and differences in practices and the degree to which Tibetan Buddhist funeral practices are consistent with the mortuary rituals of other forms of Buddhism A number of elements in these death rites which at first appear to be unique to Tibetan Buddhism may only be Tibetan in their surface characteristics while having roots in practices which pre-date the transmission of Buddhism to Tibet Filling a gap in the existing literature on Tibetan Buddhism this book poses research challenges that will engage future scholars in the field of Buddhism Tibetan Buddhism and Anthropology
