speech Political ideas rode on its interpretation and deployed its terms It was intricately related to the project of natural philosophy And it was central to daily life at all levels of society from parliamentarian to preacher from the boy that driveth the plough famously invoked by Tyndale to women across the social scale It circulated in texts ranging from elaborate folios to cheap catechisms it was mediated in numerous forms as pictures songs and embroideries and as proverbs commonplaces and quotations Bringing together leading scholars from a range of fields The Oxford Handbook of the Bible in Early Modern England 1530 1700 explores how the scriptures served as a generative motor for ideas and a resource for creative and political thought as well as for domestic and devotional life Sections tackle the knotty issues of translation the rich range of early modern biblical scholarship Bible dissemination and circulation the changing political uses of the Bible literary appropriations and responses and the reception of the text across a range of contexts and media Where existing scholarship focuses typically on Tyndale and the King James Bible of 1611 The Oxford Handbook of the Bible in England 1530 1700 goes further tracing the vibrant and shifting landscape of biblical culture in the two centuries following the Reformation

Statemaking and Territory in South Asia Bernardo A. Michael, 2014-10-01 Statemaking and Territory in South Asia Lessons from the Anglo Gorkha War 1814 1816 seeks to understand how European colonization transformed the organization of territory in South Asia through an examination of the territorial disputes that underlay the Anglo Gorkha War of 1814 1816 and subsequent efforts of the colonial state to reorder its territories The volume argues that these disputes arose out of older tribute taxation and property relationships that left their territories perpetually intermixed and with ill defined boundaries It also seeks to describe the long drawn out process of territorial reordering undertaken by the British in the nineteenth and twentieth centuries that set the stage for the creation of a clearly defined geographical template for the modern state in South Asia

Language Contact and Development Around the North Sea Merja-Riitta Stenroos, Martti Mäkinen, Inge Særheim, 2012 This volume brings together eleven studies on the history of language and writing in the North Sea area with focus on contacts and interchanges through time Its range spans from the investigation of pre Germanic place names to present day Shetland the materials studied include glosses legal and trade documents as well as place names and modern dialects The volume is unique in its combination of linguistics and place name studies with literacy studies which allows for a very dynamic picture of the history of language contact and texts in the North Sea area Different approaches come together to illuminate a major insight the omnipresence of multilingualism as a context for language development and a formative characteristic of literacy Among the contributors are experts on English Nordic and German language history The book will be of interest to a wide range of scholars and students working on the history of Northern European languages literacy studies and language contact
