With silver bells and cockle shells,
And pretty maids all of a row.

Kellogg, 2020-07-17 Reproduction of the original *Christmas Entertainments* by Alice M Kellogg *Operetta* Robert Ignatius Letellier, 2015-10-19 *Operetta* developed in the second half of the 19th century from the French opéra comique and the more lighthearted German Singspiel As the century progressed the serious concerns of mainstream opera were sustained and intensified leaving a gap between opéra comique and vaudeville that necessitated a new type of stage work Jacques Offenbach son of a Cologne synagogue cantor established himself in Paris with his series of opéras bouffes The popular success of this individual new form of entertainment light humorous satirical and also sentimental led to the emergence of operetta as a separate genre an art form with its own special flavour and concerns and no longer simply a little opera Attempts to emulate Offenbach's success in France and abroad generated other national schools of operetta and helped to

establish the genre internationally in Spain in England and especially in Austria Hungary Here it inspired works by Franz von Supp and Johann Strauss II the Golden Age and later Franz Leh r and Emmerich K lm n the Silver Age Viennese operetta flourished conterminously with the Habsburg Empire and the mystique of Vienna but after the First World War an artistically vibrant Berlin assumed this leading position with Paul Lincke Leon Jessel and Edouard K nnecke As popular musical tastes diverged more and more during the interwar years with the advent of new influences like those of cabaret the revue jazz modern dance music and the cinema as well as changing social mores the operetta genre took on new guises This was especially manifested in the musical comedy of London s West End and New York s Broadway with their imitators generating a success that opened a new golden age for the reinvented genre especially after the Second World War This source book presents an overview of the operetta genre in all its forms The second volume provides a survey of the national schools of Germany Spain England America the Slavonic countries especially Russia Hungary Italy and Greece The principal composers are considered in chronological sequence with biographical material and a list of stage works selected synopses and some commentary This volume also contains a discography and an index covering both volumes general entries singers and theatres
