A Calculus Of Angels The Age Of Unreason Two:

A Calculus of Angels J. Gregory Keyes, 2004 *A Calculus of Angels* Greg Keyes, 2015-12-22 In an alternate eighteenth century Europe devastated by alchemical disaster Sir Isaac Newton and his able assistant Benjamin Franklin confront enemies who seek humankind's destruction Sir Isaac Newton's discovery of philosopher's mercury in 1681 gave rise to a remarkable new branch of alchemical science Forty years later the world stands poised on the brink of a new dark age England is in ruins crushed by an asteroid called to Earth by the very alchemy Newton unleashed France is in chaos following the long delayed death of Louis XIV Cotton Mather Blackbeard and the Choctaw shaman Red Shoes set sail from the American colonies to investigate the silence lying over the Old World And in Russia Tsar Peter the Great now host to the evil entity that kept the Sun King alive seizes a golden opportunity for conquest as he marches his unstoppable army across a devastated continent Meanwhile Newton and his young apprentice Ben Franklin hide out in Prague awaiting the inevitable violent collision of all these disparate elements human and demonic alike while a fugitive Adrienne de Mornay de Montchevreuil pursues the secrets of the malakim and her own role in their conspiracy to obliterate humankind The second volume of the Age of Unreason series Greg Keyes's masterwork of alternate history *A Calculus of Angels* brilliantly expands the scope of the world he introduced in *Newton's Cannon* as an unforgettable cast of historical heavyweights collide on a different Earth where magic and science coexist *The Age of Unreason* Greg Keyes, 2017-11-28 Ben Franklin must save the world when Isaac Newton unleashes dark magic in this ambitious alternate history series by a New York Times bestselling author Library Journal Greg Keyes reimagines the eighteenth century as an era of apocalyptic sorcery in which a young printer's apprentice named Benjamin Franklin joins forces with a host of historical personages to prevent humankind's annihilation by demons and black magic inadvertently released by the great British alchemist Sir Isaac Newton Newton's Cannon Isaac Newton's discovery of philosopher's mercury threatens to destroy all human life on Earth unless he and his new American protégé young Benjamin Franklin can keep the substance out of the malevolent hands of France's King Louis XIV An intricately crafted elegantly delivered story filled with idealism and betrayal adventure and philosophy fascinating Library Journal *A Calculus of Angels* A demonic conspiracy has destroyed England while unleashing chaos and terror upon the world A possessed Peter the Great marches his conquering armies across a devastated Europe And Newton and Franklin prepare for Armageddon *Empire of Unreason* As eternal winter descends upon Earth Franklin returns to the American colonies to hone his alchemical skills and ready his secret cabal of scientists Native Americans and former slaves for the upcoming battle for humankind's survival The most original fantasy I have read in years Kevin K Anderson New York Times bestselling author *The Shadows of God* Angels and demons watch and wait as the last warriors of dead Europe invade the New World intent on defeating Ben Franklin's American alliance and conquering the colonies Inventive and exciting filled with clever details and high adventure Science Fiction Chronicle *The Briar King* Greg Keyes, 2008-12-24 A wonderful tale

It crackles with suspense and excitement from start to finish Terry Brooks Two thousand years ago the Born Queen defeated the Skasloi lords freeing humans from the bitter yoke of slavery But now monstrous creatures roam the land and destinies become inextricably entangled in a drama of power and seduction The king s woodsman a rebellious girl a young priest a roguish adventurer and a young man made suddenly into a knight all face malevolent forces that shake the foundations of the kingdom even as the Briar King legendary harbinger of death awakens from his slumber At the heart of this many layered tale is Anne Dare youngest daughter of the royal family upon whom the fate of her world may depend Praise for The Briar King Starts off with a bang spinning a snare of terse imagery and compelling characters that grips tightly and never lets up A graceful artful tale from a master storyteller Elizabeth Haydon bestselling author of Prophecy Child of Earth The characters in The Briar King absolutely brim with life Keyes hooked me from the first page and I ll now be eagerly anticipating sitting down with each future volume of the Kingdoms of Thorn and Bone series Charles de Lint award winning author of Forests of the Heartand The Onion Girl A thrill ride to the end with plenty of treachery revelation and even a few bombshell surprises Monroe News Star LA

The Shadows of God Greg Keyes,2015-12-22 Angels and demons alike watch and wait as the last warriors of old Europe invade the New World in this magnificent conclusion to the Age of Unreason alternate history series The alchemical catastrophe that Sir Isaac Newton inadvertently unleashed late in the seventeenth century has transformed Europe into a cold dead wasteland in the eighteenth much to the delight of the otherworldly malakim who have set humanity at war with itself for the sin of dabbling in the arcane The last inhabitable territory the New World is now the coveted prize of the surviving European warlords From the West Russian forces led by the Sun Boy child of the powerful French sorceress Adrienne de Mornay de Montchevreuil move relentlessly onward leaving a trail of devastation in their wake British troops in the East are equally merciless in their conquests All that stands against them is a motley alliance of colonists Native Americans scientists philosophers displaced Europeans and others led by Ben Franklin now an alchemist of great repute and Red Shoes a Choctaw shaman with questionable motivations But no matter who wins or loses the manipulating angels and demons are always watching and the malakim are determined to be the ultimate victors In The Shadows of God the Age of Unreason Greg Keyes s magnificent alternate history series comes to a stunning and most satisfying conclusion It is the final chapter in a colorful exciting richly detailed and ingeniously imagined chronicle of life on a damaged Earth where magic and science are on equal planes and history s icons inhabit a past that never was

Empire of Unreason Greg Keyes,2015-12-22 On an eighteenth century Earth crippled by alchemical disaster a secret American cabal led by Benjamin Franklin strives to prevent the annihilation of humankind The dark magic that the great alchemist Sir Isaac Newton inadvertently unleashed with his discovery of philosopher s mercury has taken a devastating toll on Earth The destruction of Europe and the advent of eternal winter have aided the mysterious malakim in their apparent quest for the annihilation of the human race In the American colonies Benjamin Franklin hones his alchemical skills and prepares the Junto his secret cabal of

scientists Native American tribesmen former slaves and fugitive European intellectuals for the upcoming battle for humankind's survival as the army of the Scottish pretender king James Stuart invades the continent to reestablish British dominion Meanwhile on the other side of a shockingly diminished world in the court of the mysteriously vanished Peter the Great the missing tsar's chief alchemist Adrienne de Mornay de Montchevreuil prepares to depart Russia in search of her lost son who may well be at the heart of the conspiracy of malevolent angels to eliminate the human scourge The third volume in author Greg Keyes's ingenious Age of Unreason alternate history series Empire of Unreason broadens the story elevates the action and reveals secrets within secrets as the surviving inhabitants of this different endangered world race frantically toward a climactic confrontation

Newton's Cannon Greg Keyes, 2015-12-22 This novel of Ben Franklin Isaac Newton and a demonic Louis XIV is eminently worthwhile reading for both fantasy and alternate history lovers Booklist In 1681 in an England somewhat like our England the great alchemist Sir Isaac Newton makes the remarkable discovery of a substance he calls philosopher's mercury with which one can manipulate the four essential elements of the universe earth water air and fire In the opulent court of Britain's greatest enemy the ancient King Louis XIV his life alchemically and indefinitely prolonged employs treacherous means to obtain the prize that will grant him dominion over the entire continent Meanwhile his brilliant and beautiful mistress Adrienne de Mornay de Montchevreuil secretly pursues a mathematical method to prevent his takeover And in another corner of the world the young printer's apprentice and aspiring alchemist Ben Franklin is plagued by a demon and flees to England seeking the aid of his hero Newton But Franklin will discover that Newton has demons of his own A wondrously dark and richly imagined alternate history Greg Keyes's Newton's Cannon is the first book in his extraordinary Age of Unreason series a magnificent journey to a past that never was in a world where magic is a science and the greatest minds must conspire to prevent an end to all things

Kingdoms of the Cursed Greg Keyes, 2019-06-04 Three young friends must navigate dangerous magical worlds and their own inner selves in this sweeping fantasy from Greg Keyes the sequel to *The Reign of the Departed* Errol Greyson is awake and back in his own body thanks to his friends Aster the witch and Veronica the half dead girl Unfortunately due to the attempted suicide that led to his months long coma and temporary reincarnation in Aster's wooden automaton in the first place he's also in a mental hospital But when the last person Errol expects breaks him out and forces him back to the magical Kingdoms he has no other option but to attempt to undo a deadly curse threatening reality itself in hopes of returning the realm to equilibrium It's dangerous business especially in Errol's merely human form weakened from months in bed Fearing for their friend's life Aster and Veronica follow but are quickly separated Aster is captured by an ancient evil the source of the curse while Veronica confronts a mysterious admirer her own evolving nature and the dark spirit that murdered her years earlier As vast armies collide and dragons take wing the friends must find each other and themselves again

Final Reckoning J. Gregory Keyes, 1999 The tyrannical regime of the Psi Corps turns against its creator Alfred Bester forcing him to confront his own
