Corporations And Society Power And Responsibility:

Corporations and Society Warren J. Samuels, Arthur Selwyn Miller, 1987-05-21 This volume provides an interesting evaluation of the role of the corporation in American society The book traces the historical role of the corporation It discusses the corporation's obligations and influence in the policy making process of government Business Library Newsletter The year 1986 marked the 100th anniversary of one of the Supreme Court's most important decisions in which it unanimously held that a business corporation was a person within the meaning of the Constitution and thus entitled to constitutional protection The decision made almost casually has had enormous impact on the development of the system of corporate capitalism in the United States This collection of original essays written by leading authorities from the fields of economics law history and political science assesses the implications of the Supreme Court ruling from a variety of perspectives The collected essays provide a thorough evaluation of the role of the corporation and discusses its obligations its influence in the policymaking process of government and its internal structure as a political order [The Fallacy of Corporate Moral Agency](#) David Rönnegard, 2015-05-12 It is uncontroversial that corporations are legal agents that can be held legally responsible but can corporations also be moral agents that are morally responsible Part one of this book explicates the most prominent theories of corporate moral agency and provides a detailed debunking of why corporate moral agency is a fallacy This implies that talk of corporate moral responsibilities beyond the mere metaphorical is essentially meaningless Part two takes the fallacy of corporate moral agency as its premise and spells out its implications It shows how prominent normative theories within Corporate Social Responsibility such as Stakeholder Theory and Social Contract Theory rest on an implicit assumption of corporate moral agency In this metaphysical respect such theories are untenable In order to provide a more robust metaphysical foundation for corporations the book explicates the development of the corporate legal form in the US and UK which displays how the corporation has come to have its current legal attributes This historical evolution shows that the corporation is a legal fiction created by the state in order to serve both public and private goals The normative implication for corporate accountability is that citizens of democratic states ought to primarily make calls for legal enactments in order to hold the corporate legal instruments accountable to their preferences **Legal Approaches and Corporate Social Responsibility** Adaeze Okoye, 2016-12-08 From the late 20th Century a catalogue of high profile disasters and controversies has drawn attention to the changing relationship between corporations and society This is taking place against the context of globalisation and this change has become the driving force for demands that corporations become socially responsible Corporate social responsibility CSR has therefore emerged as a concept which attempts to encapsulate these demands for social responsibility Yet at the heart of CSR is the debate about the role and relevance of law This book will explore the proposition that CSR is a valid legal enquiry and will suggest a law jobs approach which offers a potential general analytical perspective for examining such fluid concepts such as CSR in law This approach is innovative because of

the insistence of some users of CSR on placing law outside the parameters of CSR or giving it a very limited role however Okoye argues here that the very nature of CSR as seeking legitimacy for corporate power pushes to the fore the question of what role law can play Law is an essential and important aspect of legitimacy and thus this work explores a legal theoretical approach that holds potential for a legal framework of CSR This interdisciplinary book will be of great interest to students and scholars of corporate law and business studies in general *Power and Responsibility in the American Business System* Bentley College. Center for Business Ethics,1979 **Power and Corporate Responsibility** Daniel Malan,2023-08-22

Winner of the AOM SiM 2024 Best Management Book Award *Power and Corporate Responsibility* explores the concept of corporate responsibility and offers a systematic discussion by referring to the following dimensions understanding responsibility taking responsibility governing responsibility managing responsibility investing in responsibility reporting on responsibility and regulating responsibility The aim of the book is to provide a user friendly but theoretically grounded overview of the core dimensions of CR The seven dimensions of CR are not offered as a definitive framework but rather a flexible conceptual framework that is compatible with acknowledged thought leadership in the field The author uses his diverse academic background as well as his practitioner background to debunk some of the myths associated with CSR using mini case studies but also to illustrate the strategic importance of the concept of CR This accessible book will be a valuable resource for business management scholars instructors and upper level students and those with a particular interest in business ethics CSR and corporate governance It will also serve as a guide for participants in executive education courses

Citation Classics from the Journal of Business Ethics Alex C. Michalos,Deborah C Poff,2012-08-01 The Journal of Business Ethics was founded by Alex C Michalos and Deborah C Poff and published its first issue in March 1982 It is the most frequently cited business ethics journal in the world The Journal has always offered a multi disciplinary and international public forum for the discussion of issues concerning the interaction of successful business and moral virtue Its authors and readers are primarily scholars and students in social sciences and philosophy with special interests in the interaction of these disciplines with business or corporate responsibility Since the field of business ethics grew simultaneously with the growth of the Journal a collection of its most cited articles is tantamount to a collection of the articles that had the greatest influence in defining the field over its first 30 years of development In this anniversary volume an overview of citation classics from the Journal is presented the 33 most frequently cited articles are reproduced and brief reflections on the impact of the Journal on the field are given from over 100 scholars who authored citation classics and or distinguished papers as well as those who served on the Editorial Board and or are recognized as leaders in the field **Corporate Duties to the Public** Barnali Choudhury,Martin Petrin,2019-01-10 In a world where the grocery store may be more powerful than the government and corporations are the governors rather than the governed the notion of corporations being only private actors is slowly evaporating Gone is the view that corporations can focus exclusively on maximizing shareholder wealth Instead the idea that

corporations owe duties to the public is capturing the attention of not only citizens and legislators but corporations themselves This book explores the deepening connections between corporations and the public It explores timely and often controversial public issues with which corporations must grapple including the corporate purpose civil and criminal liability taxation human rights the environment and corruption Offering readers an encompassing balanced and systematic understanding of the most pertinent duties corporations should bear how they work whether they are justified and how they should be designed in the future this book clarifies corporations roles vis vis the public

Developing Corporate Social Responsibility Francesco Perrini,2006-01-01 Perrini et al provide a detailed authoritative look at the evolving European perspective on corporate social responsibility They show how Europe has moved from follower status to leading edge practice The book is the best current indicator of what the next stages of CSR will look like Thomas W Dunfee University of Pennsylvania US The rapidly increasing attention devoted to Corporate Social Responsibility CSR has resulted in the term CSR being applied to myriad dissimilar phenomena The authors therefore aim to dispel this confusion by presenting a multi faceted view of socially responsible corporate behavior and related themes They provide a conceptualization of CSR that emphasizes the role of the adoption and implementation of specific CSR strategies and their impact on corporate social and economic performance

Business in Ethical Focus: An Anthology - Second Edition Fritz Allhoff,Alexander Sager,Anand J. Vaidya,2016-12-20 Business in Ethical Focus is a compilation of classical and contemporary essays and case studies in business ethics Readers will become acquainted with seminal ideas on corporate social responsibility and the place of business in a just society Other topics include diversity in the workplace sexual harassment workplace rights environmental responsibility and sustainability global business intellectual property bribery and ethical issues in advertising and marketing This second edition adds a dozen original case studies as well as new sections on global perspectives with articles on Islamic Confucian and Buddhist business ethics entrepreneurship and the non profit sector Background material on ethical theory and the nature of business ethics is included to orient readers new to this field

Business Ethics W. Michael Hoffman,Robert E. Frederick,Mark S. Schwartz,2014-01-02 The fifth edition of Business Ethics addresses current intriguing often complex issues in corporate morality through 53 readings and 30 pertinent case studies Now significantly updated it includes new leading articles related current cases and mini cases based on MBA student dilemmas Addresses a broad range of the most current intriguing often complex issues and cases in corporate morality Provides impartial point counterpoint presentations of different perspectives on the most important and highly contended issues of business ethics Updated and significant case studies are included to reinforce student learning Now contains mini cases based on actual MBA student dilemmas Each author has substantial experience in teaching writing and conducting research in the field

Power and Accountability Robert A. G. Monks,Nell Minow,1991 Corporations determine far more than any other institution the air we breathe the quality of water we drink even where we live yet they are not accountable to anyone Authors Robert Monks and

Nell Minow take up the cause of corporate accountability and shareholders rights in this controversial book that is sure to shake up America s corporate power elite Corporate Governance Ethics & Social Responsibility of Business - SBPD Publications Dr. Amit Kumar, ,Dr. Mukund Chandra Mehta,2021-09-29 1 Business Ethics An Overview 2 Business Ethics and its Theories 3 Nature of Ethics and its Relevance to Business 4 Corporate Governance An Introduction and Framework 5 Failure of Corporate Governance and Reforms 6 Clause 49 Corporate Governance Initiative in India 7 Corporate Governance Practices An Introduction 8 Board Committee Roles and Responsibilities 9 Whistle Blowing An Introduction 10 Whistle Blower Policy and Framework 11 Whistle Blower Protection Act 2014 12 Corporate Social Responsibility An Introduction 13 Corporate Social Responsibilities and Social Audit **Corporate Accounting (NEP 2020)** Dr. S. S. Sahay,Roger R. Stough,Amrik Sohal,Sonu Goyal,2006 Proceedings of the Conference on Green Competitiveness for Sustainable Development held at New Delhi during 27 28 October 2006 *Power and Principle in the Market Place* Jacob Dahl Rendtorff,2016-04-08 In the global financial crisis the need to develop a new kind of economy with a closer relation between ethics and economics has become an important challenge to the international society This book contributes to this debate by investigating different aspects of global business ethics and corporate social responsibility which are becoming more and more important in the ongoing discussions on the relation between market institutions and democratic governments The different chapters of the book deal with fundamental philosophical issues of the ethics of the market economy including discussions of the role of the social sciences and economics in contributing to a sustainable economics and global responsibility in the twenty first century In this sense the book takes up the transnational debate on ethics and economics in order to contribute to a more balanced fair just and conscientious development in the world The book starts with a European perspective on these issues based on philosophical sociological and economic views from Europe These views are further developed in order to share thoughts of how to improve corporate social responsibility welfare and justice and the advancement of ethical principles in the international context It is argued that in the international community good corporate citizenship as social and environmental responsibility is realized through individual and organizational cosmopolitan responsibility for fostering the common good for humanity The chapters of the book were originally presented

at a conference in Copenhagen organized together with the German Cultural Institute the Goethe Institute of Copenhagen
Copenhagen Business School and Roskilde University Denmark *Business Ethics of Innovation* Gerd

Hanekamp,2007-05-06 Firms that operate in a market economy often depend upon innovations in order to achieve competitive advantages that sustainably secure their survival Business ethics is thus largely concerned with questions about the decisional freedoms involved in innovation processes Innovations oftentimes raise novel questions about the role of the state or the structure of society Business ethics needs to provide a framework for balancing the different perspectives values and interests at stake This balance must be achieved at the level of the firm in order to facilitate adequate long term decisions but it should also be sought at higher including regulatory levels Achieving this balance will require an ethical framework for entrepreneurial action The particular disciplines engaged in generating innovations as well as all relevant fields of applied ethics should be involved in the balancing process Business Ethics of Innovation is thus necessarily an interdisciplinary endeavour This volume assesses general questions of how business ethics can help to structure innovations and specifically discusses pharmaceutical innovations as well as innovations in the IT sector Company Law in Context

David Kershaw,2012-06-28 Company Law in Context is an ideal main text for company law courses David Kershaw places company law in its economic business and social context making more accessible and relevant the cases statutes and other forms of regulation A running case study provides a practical perspective *Corporate Social Responsibility and Regulatory Governance* P. Utting,J. Marques,2009-11-12 This is the first of two volumes that examine the changing nature of state business relations This book assesses the potential and limits of CSR in developing countries by focusing on aspects that are often ignored in the CSR literature historical experience theoretical perspectives and institutional and political dimensions of change A Handbook of Corporate Governance and Social Responsibility Güler Aras,2016-03-16 The current economic

situation has highlighted deficiencies in corporate governance while also showing the importance of stakeholder relations It has also raised the profile of the debates regarding corporate social responsibility and shown the inter relationship with governance And the two together are essential for sustainable business The social and environmental contexts of business are generally considered to be as significant as the economic and financial contexts and good governance will address all of these aspects The combination of these aspects offers long term benefits for a firm such as reducing risk and attracting new investors shareholders and more equity as well as sustainable performance Written by experts from all over the world A Handbook of Corporate Governance and Social Responsibility is the most authoritative single volume guide to the relationship between good governance and social responsibility and the reality of managing both In addition to the theory and practice of governance and CSR the book includes case studies from large and small organizations and NGOs to highlight examples of good and bad practice and to show international and cultural similarities and differences while at the same time furthering the debate regarding the relationship between good governance and social responsibility

Decoding **Corporations And Society Power And Responsibility**: Revealing the Captivating Potential of Verbal Expression
